INTERNATIONAL CONFERENCE ON NEUROIMMUNOLOGY & THERAPEUTICS -2017

NOVEMBER 13-14, 2017 | Athens, Greece

Theme: *Immunological aspects of degenerative neurological disorders and stroke*

Welcome to Pulsus Conferences

World's Leading Conferences Organizer With Great Experience

Venue: Athens, Greece

Email: neuroimmunology@immunologysociety.org,neuroimmunology@immunologysociety.com

International conference on
Neuroimmunology & Therapeutics
Nov. 13-14, 2017, Athens, Greece

http://neuroimmunology.cmesociety.com

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in Neuroimmunology field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. San Antonio is all set for an amazing event as PULSUS proudly presents the "**International conference on Neuroimmunology and Therapeutics, November 13-14, 2017, Athens, Greece**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Neuroimmunology from around the world to participate in the upcoming Neuroimmunology and Therapeutics-2017. The meeting for this year will revolve around the theme "Towards a cure: Approaches towards healthier communities" thus relaying the most cutting edge findings in the field of Neuroimmunology and Therapeutics Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Neuroimmunology and Therapeutics 2017

Conference Highlights

Track 1 : Neuroimmunology

Track 2 : Regulators of Neuroinflammation

Track 3 : Neurons in CNS inflammatory disorders

Track 4 : Mitochondria and Neuro-immune interaction

Track 5 : Brain aging and Neurodegeneration

Track 6 : Implications in Neuroimmunological Disorders

Track 7 : Stem cells and neuroimmunomodulation

Track 8 : Psychoneuroimmunology

Track 9 : Neurosurgery

Track 10 : Neurology

Track 11 : Gender and aging: immune system and brain plasticity

Track 12 : Vaccines in neuroimmunology

Track 13 : Traditional neuroimmune diseases and pathogenesis of human neuroinflammatory diseases

Track 14 : Neuroimmunological infectious diseases

Track 15 : Clinical Neuroimmunology

Track 16 : Neuropharmacology

Track 17 : Neurodegenerative Diseases

Track 18 : Fundamental Neurology

Track 19 : Principles of Neuro Therapeutics

Track 20 : Outline of Neurology

Track 21 : Pediatric Neurology

Track 22 : Diagnosis and Therapy

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Neuroimmunology and Therapeutics 2017

International Conference on Neuroimmunology and Therapeutics

NOVEMBER 13-14, 2017 | ATHENS, GREECE

http://neuroimmunology.cmesociety.com/
Email: neuroimmunology@immunologysociety.org, neuroimmunology@immunologysociety.com

Pulsus Group Journals (www.pulsus.com)

- **30 years excellence in Medical publishing**
- **50+ journals in association with 20+ International medical and scientific societies**
- **Peer review publishing for Associations, Societies and Universities in Highly Indexed Reputed Journals**
- **Summary proceedings, custom publications and electronic publications.**

Exhibition and Sponsorship

- **An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Neuroimmunology**

Additional benefits as follows:

- **Free exhibition booth for your association.**
- **Honorable guests for your presidents.**
- **Logo advertisement in the conference proceedings.**
- **Data sharing for your association.**

Conference Agenda

Conference at Glance

Day 1	Day 2
08:00-09:00	08:00-09:00
Reception/Registration	Reception/Registration
09:00-09:15	09:00-09:15
Opening Ceremony	Opening Ceremony
09:15-09:45	09:15-09:45
Keynote Talk 1	Keynote Talk 1
09:45-10:15	09:45-10:15
Keynote Talk 2	Keynote Talk 2
10:15-10:45	10:15-10:45
Keynote Talk 3	Workshop Session
Group Photo	Panel Discussion
Coffee/Tea Break 10:45-11:00 (Networking in the Exhibit Hall)	
11:00-12:40	11:00-12:40
5 Speakers (20 Mins each)	5 Speakers (20 Mins each)
Lunch Break 12:40-13:30	
13:30-15:30	13:30-15:30
6 Speakers (20 Mins each)	6 Speakers (20 Mins each)
Young Researcher Forum	Poster Sessions
Coffee/Tea Break 15:05-15:20 (Networking in the Exhibit Hall)	
15:20-17:00	15:20-17:00
5 Speakers (20 Mins each)	5 Speakers (20 Mins each)
Panel Discussion	Panel Discussion

Awards and Closing Ceremony

Note: Program Schedule is subject to change with final allotment of the speaker slots

Important Dates

Abstract Submission Opens: December 01, 2016
Online Registration Opens: December 08, 2016
Early Bird Registration: April 15, 2017
On spot Registration: November 13, 2017

Registration & Timings

November 13 2017 (08:00 am to 06:00 pm)
November 14 2017 (08:00 am to 06:00 pm)
Group Photo Time: (09:00 am to 09:10 am)

Don't miss your smile in the conference group photo. Please make your presence at the conference.
If you could not attend, please let us know

Pulsus *Group takes pride in getting the endorsements of prestigious societies and medical research assosiations world wide.*

Market Analysis

Market analysis report of Neuroimmunology & Therapeutics

The global market for Neuroimmunology and Therapeuticsis expected to have a robust growth during the forecast period (2016–2026).

Neuroimmunology and Therapeuticsis Market: Drivers and Restraints

This report studies the global rat model market for the forecast period of 2016 to 2021. This market is expected to reach USD 588.9 Million by 2021 from USD 387.7 Million in 2016, growing at a CAGR of 8.7%.

Based on radioisotope, the Neuroimmunology and Therapeuticsis Market has been segmented into Technetium-99, Lutetium-177, Rubidium-87, Iodine-123, Yttrium-90, and Gallium-62. Technetium-99 is the most widely used radioisotope across the globe.

Around 70% of radiopharmaceutical companies depend on Mo-99 to produce Technetium-99, as per the World Nuclear Association. The market segments have been analyzed based on available approved products, cost-effectiveness, and preference for technological systems by physicians and patients. The market size and forecast for each of these segments have been provided for the period from 2014 to 2024, along with their respective CAGRs for the forecast period from 2016 to 2024, considering 2015 as the base year.

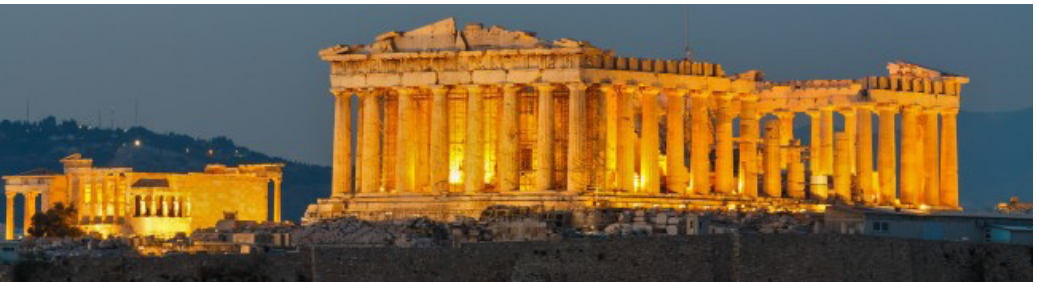

Under the end-user segment, hospitals play a major role followed by ambulatory surgical centers, diagnostic centers, and others (such as universities, research laboratories, and pathology labs). The market size and forecast in terms of US$ Mn for each segment have been provided for the period from 2014 to 2024. The report also provides the compound annual growth rate (CAGR %) for each market segment for the forecast period from 2016 to 2024, considering 2015 as the base year. Application segment signifies the usage of radiopharmaceutical products through different disease indication such as oncology, cardiology, neurology, nephrology, gastroenterology, immunology and others. Oncology segment is the dominant sector which emphasizes the use of different radioisotopes for treating various cancers and overcome the side effects of therapeutics. Brachytherapy is a sub segment of oncology application which signifies the methods of treating cancer through implants, surgery or radiation technology. The segment is expected to have a significant growth during the forecast period.

Radiopharmaceutical Market, Nephrology, Neurology, and Immunology - Global Industry Analysis, Size, Share, Growth, Trends and Forecast 2016 - 2024

About City

Athens is the capital and largest city of Greece. It dominates the Attica region and is one of the world's oldest cities, with its recorded history spanning over 3,400 years, and its earliest human presence starting somewhere between the 11th and 7th millennia BC.

Classical Athens was a powerful city-state that emerged in conjunction with the seagoing development of the port of Piraeus, which had been a distinct city prior to its 5th century BC incorporation with Athens. A centre for the arts, learning and philosophy, home of Plato's Academy and Aristotle's Lyceum, it is widely referred to as the cradle of Western civilization and the birthplace of democracy, largely because of its cultural and political impact on the European continent, and in particular the Romans. The heritage of the classical era is still evident in the city, represented by ancient monuments and works of art, the most famous of all being the Parthenon, considered a key landmark of early Western civilization. The city also retains Roman and Byzantine monuments, as well as a smaller number of Ottoman monuments.

Target Audience

- Neuroimmunology Researchers
- Nurses
- Neuroimmunology Associations and Societies
- Faculty
- Medical Colleges
- Physicians
- Pharmacists
- Data Management Companies
- Training Institutes
- Business Entrepreneurs
- Manufacturing Medical Devices Companies

City Attractions

- Mount Lycabettus.
- National Archaeological Museum, Athens.
- Syntagma Square (Athens Hop-On Hop-Off Tour)
- Temple of Olympian Zeus.
- Erechtheum.
- Ancient Agora.
- Plaka (Athens Hop-On Hop-Off Tour)
- Parthenon, Acropolis (Where to Stay)
