Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. London is all set for an amazing event as PULSUS proudly presents the "**9th Global Summit on Neuroscience and Neuroimmunology**" slated on **May 22-23, 2019** at **London, UK**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Neuroscience professionals from around the world to participate in the upcoming **Neuroscience 2019**. The meeting for this year will revolve around the theme "**Unveiling the advances in the field of Neuroscience and Neuroimmunology**" thus relaying the most cutting edge findings in the field of Neuroscience and Neuroimmunology. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Neuroimmunology 2019
Organizing Committee

Conference Highlights

- Neurology
- Neuroscience
- Drugs: Abuse and Addiction
- Neuroimmunology
- Stem cells & Neurological disorders
- Neuropsychiatry and Behavioral Science
- Neurogenesis and Gliogenesis
- Neurogenetics
- Neuroinflammation
- Neuroimaging & Neuroinformatics
- Neuroendocrinology
- Neurosurgery
- Neuropediatrics & Neuroplasticity
- Neuro-Degenerative Disorders
- Neuro pharmacology
- Neuro oncology
- Neuro-Ophthalmology
- Neuro-Therapeutics & Marketing

Agenda

Day-01 May 22, 2019 - Wednesday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Neurology | Neuroscience | Drugs: Abuse and Addiction
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Neuroimmunology | Stem cells & Neurological disorders | Neuropsychiatry and Behavioral Science
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Neurogenesis and Gliogenesis | Neurogenetics | Neuroinflammation

Tentative

Day-02 May 23, 2019 - Thursday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Neuroimaging & Neroinformatics | Neuroendocrinology | Neurosurgery
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Neuropediatrics & Neuroplasticity | Neuro-Degenerative Disorders | Neuro pharmacology
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Neuro oncology | Neuro-Ophthalmology | Neuro-Therapeutics & Marketing
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Organizing committee members...

Nevzat Tarhan
Uskudar University
Turkey

Konstantia Stoforou
NeuroCure
Greece

Win Min Thit
University of Medicine
Myanmar

Tammi Taylor
Jackson State University
USA

Conference Speakers

Oral
Title: Neuroprotective and Regenerative Roles of the Wnt-3a Pathway after Focal Ischemic Stroke in Mice
Tammi Taylo, Jackson State University, USA
Title: Changes of Quality of Semen after Swim up Method during Intrauterine Insemination: Experience at an Infertility Centre in Bangladesh
Shafeya Khanam, Faridpur Medical College, Bangladesh
Title: Strain differences in sympathetic neurotransmission in spleens of rats subjected to reduced sympathetic tone
Sam D Perez, Washington Adventist University, USA
Title: Beyond the Art of BART. Sensorimotor-Focused EMDR: A new paradigm for psychotherapy and peak performance
Arthur G. O'Malley, EMDR, UK
Title: Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia
Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba
Title: Effectiveness of beta carotene in streptozocin induced cognitive impairment in mice
Sundas Hira, Riphah International University, Pakistan
Title: Neuroscience Solutions for the BPO Industry
Ben Ampil, Amplius Management Consultancy, Philippines
Title: eNOS and BH4; endothelial function or dysfunction. Importance of Tetrahydrobiopterin (BH4).
Jennifer Gantzer, Vibrant Care, Diagnostic and Healing Center, USA

Poster
Title: Intensity-dependent Immune-modulatory Effects of Exercise Training in Experimental Multiple Sclerosis
Ofira Einstein, Ariel University, Israel
Title: Cuprizone-induced demyelination in rats and the cognitive function of the brain: Effect of environmental enhancement
Amer Al Ansari, Arabian Gulf University, Bahrain
Title: The Therapeutic Effects of Oxytocin on the autistic behavior induced by Valproic acid injection of pregnant BALBc mice mothers
Amer Al Ansari, Arabian Gulf University, Bahrain
Title: Neurological manifestations of vitamin B12 deficiency, CNS Manifestations
Anila Benny, National Institute of Mental health and Neuroscience, India
Title: Effect Of Transcutaneous Electrical Nerve Stimulation And Conventional Therapy In Post-Stroke Dysphagic Patients: A Randomized Controlled Trial
Rami Maged Mahmoud, Ain Shams University, Egypt
Title: Validity and Reliability Examination of the Persian Version of the Iowa Satisfaction with Anes thesia Scale: The Result of Patient Satisfaction with Pain
Hamed Beizaie, Islamic Azad University, Iran

Tourist Attractions

Venue

London is a fabulous city which is wrapped up in history with art and culture. Being the largest city in the UK, serves as home to more than 8.6 million people. London has protracted, developed and accessible modes of transportation. London Underground (Tube), Buses, Docklands Light Rail, Overground Trains help in moving the people of the city. The city's climate is infl uenced by oceans; hence it is cold and humid. London being in the top of everyone's bucket list, ranks fi rst in the most visited cities of United Kingdom. The most popular tourist icons of the city are the 150-year-old Big Ben Clock Tower, Tower bridge, British museum, Buckingham Palace, London Eye, Tower of London, Trafalgar Square, St. Paul's Cathedral, Palace of Westminster, Westminster Abbey.
