NEUROLOGY AND THERAPEUTICS

MAY 14-15, 2026 | PRAGUE, CZECH REPUBLIC

https://neurology.pulsusconference.com/

INVITATION

NEUROLOGY 2026

You are warmly invited to join us at the **13th World Congress on Neurology and Therapeutics**, taking place on **May 14–15, 2026**, in the enchanting city of **Prague, Czech Republic**.

This distinguished global event will bring together neurologists, researchers, clinicians, and healthcare professionals from around the world to explore the latest breakthroughs and transformative advancements in neurological science and therapeutics.

Guided by this year's theme, "***From Research to Recovery: Transforming Neurology Through Innovation***," the congress will spotlight pioneering research, emerging treatment strategies, and evolving approaches to improving brain health and patient outcomes.

Engage in insightful discussions, share ideas with leading experts, and expand your professional network in a dynamic and collaborative environment. The program will feature powerful keynote lectures, expert panel discussions, and presentations showcasing cutting-edge developments across the spectrum of neurology.

We look forward to welcoming you to Prague for an inspiring, enriching, and forward-thinking experience in the world of neurology!

Regards,
Manina Rachel | Neurology 2026

MARKET ANALYSIS

The neurology sector is experiencing remarkable growth globally and in India, driven by rising incidences of neurological disorders, advancements in technology, and increased investment in research and healthcare infrastructure.

In India, the current market for neurology products is valued at $12.6 billion and is projected to reach $27.2 billion by 2030, reflecting a robust compound annual growth rate (CAGR) of 8.1% from 2020 to 2030. This impressive growth underscores the critical importance of innovation in addressing the increasing demand for effective neurological treatments.

Neurology 2026 in Prague, Czech Republic, provides an exceptional platform to explore these advancements, discuss emerging challenges, and foster collaborations that will shape the future of neurological care worldwide.
