2ND WORLD CONGRESS ON NEUROLOGY AND NEUROLOGICAL DISORDERS

OCTOBER 12-14, 2023 | PARIS, FRANCE

https://neuro.pulsusconference.com/

INVITATION

NEUROLOGY CONGRESS 2023

Greetings!

We extend a hearty welcome to you at the Global Conference, and we hope that 2023 is a year filled with productivity and success for you.

We are excited to announce that the upcoming world summit will showcase the "**2nd World Congress on Neurology and Neurological Disorders**" in the beautiful city of **Paris, France**.

This highly anticipated event is scheduled for **October 12–14, 2023**, and will bring together world-renowned neurologists, researchers, and industry experts to discuss cutting-edge advancements and emerging trends in the field.

With a diverse range of keynote speeches, presentations, and interactive sessions, attendees will have the opportunity to gain invaluable insights and network with peers from around the globe. Be sure to mark your calendars and join us for this premier event!

Paris is the perfect location for our upcoming Neurology congress 2023, offering top-notch congress facilities and unique cultural attractions. We're thrilled to welcome participants from all corners of the globe and will provide a virtual attendance option to accommodate everyone. However, we highly encourage attendees to consider joining us in person to fully immerse themselves in the lively atmosphere of this stunning city and to engage in valuable face-to-face discussions and networking opportunities.

Our objective is to establish a vibrant and engaging platform that promotes the exchange of knowledge, fosters insightful conversations on effective practices, and facilitates cooperative efforts to enhance neurology care. To achieve this, we have meticulously handpicked a diverse group of speakers who will be sharing their expertise on a broad range of subjects, spanning from the latest breakthroughs in research to pragmatic applications in clinical settings.

The upcoming Neurology 2023 conference offers healthcare professionals a unique opportunity to acquire the latest insights and advancements in the field of neurology medicine. Our goal is to equip attendees with the necessary knowledge and tools to deliver optimal patient care. Through collaboration and knowledge sharing, we can enhance the quality of life for children and families dealing with neurological disorders.

We cordially invite you to be a part of this exciting event and join hands with us to advance neurological care and improve health outcomes for people worldwide.

Let's come together to make a positive impact on our patients' lives!

Sincerely

Larisa John | Program Director

Advanced Wound Care 2023 | Organizing Committee.

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The global neurology market is rapidly growing due to research and an aging population. North America has the largest market, followed by Europe, Asia-Pacific, Latin America, and the Middle East and Africa. Paris is an ideal location for a neurology conference due to its rich history and innovative research institutions. The global neurology devices market was valued at $8.4 billion in 2020 and is expected to grow at a CAGR of 8.2% from 2021 to 2028. Current research trends include personalized medicine, digital health technologies, neuroscience and AI, neuromodulation, biomarkers, and patient-centered outcomes. Key players include Medtronic, Abbott, Boston Scientific Corporation, and LivaNova, who will showcase their latest products at the Neurology Congress 2023. Challenges facing the market include high treatment costs, a shortage of neurologists, lack of awareness, and strict regulations, but the growing geriatric population and advances in technology drive market growth.

TARGET AUDIENCE

- Neurologists
- Neurology and Surgery
- Neuro-Scientists
