3rd INTERNATIONAL CONFERENCE ON

# CLINICAL AND EXPERIMENTAL NEUROPSYCHOLOGY

OCTOBER 12-14,2023 | PARIS, FRANCE

https://neuropsychology.cmesociety.com/

# INVITATION

## NEUROPSYCHOLOGY 2023

Neuropsychology intends to host all the well-known Neurologists, psychologists, Researchers, Neurosurgeons, neuroscientists, Medical professionals, Fellowship holders, Residents, Pharmaceutical industries and Healthcare professionals related to the field of Neuropsychologists.

The conference with the theme " Bolster the current trends in Neuropsychology", which implies the Neuropsychology 2023 will be a venue for exploring the advances in the field of Neuroscience and Psychology. In this gathering, the major advances in techniques, materials and procedural changes related to treatment of neurological and Psychological disorders will be discussed and outcomes of the procedures are to be shared. This conference will serve a unique opportunity for the delegates of Medical Universities and Neuropharmaceutical companies as it allows people to interact with industry leading Neurologists, Psychiatrist, Neurosurgeons and Business persons. Neuropsychology 2023 will not only be a venue hosting the largest gathering of Neurologists, Psychiatrist and related professionals, but also attempts to spread Knowledge on advances in the ever changing field of Neuropsychology.

Neuropsychology 2023 includes Keynote speeches, Plenary sessions, Oral and Poster presentations. The interested professionals can confirm their participation by registering in Neuropsychology 2023. Register soon and avail Exciting Early bird discounts.

Regards

Flora Smith | Neuropsychology 2023

35
Years Excellence

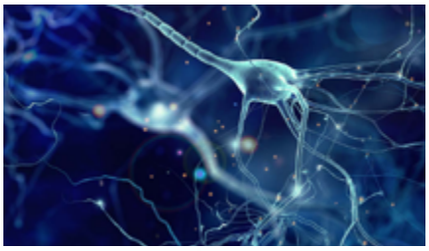

## ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for Scientists and Researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between Universities, Institutions, research bodies and Organizations from different countries through International Conferences and Meetings.

Pulsus Group is an International Renowned Medical peer-review publisher and conference organizer established in the year 1984 publishes and hosts the work of Researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of more than 35 years of excellence in Medical Publishing we are endorsed by various societies like World Association of Medical Sciences, International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, International Society for Ceramics in Medicine, Thalassemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

# MARKET ANALYSIS

The International Neurology Analysis Societies, Associations, and Organizations will meet at the Neuropsychology Conference 2023. This event may include Neurologists, Directors, Neurosurgeons, and Head of the department, Psychiatrists, Professors, Students from around the world, and Neuroscience researchers, officials, and world leaders to propel the Neurology department forward. Neuropsychology Congress 2023 focuses on a wide range of brain disorders and cures, as well as connecting neurons. According to a recent WHO survey, it appears that neurological disorders such as Alzheimer's and dementia, epilepsy, and others account for more than 12% of deaths worldwide on average, and it is also predicted that the number of lives lost due to neuro disorders will rise from 95 million in 2015 to 103 million in 2030. The globe cost of Neurological squeal solitary estimate in 2010 was US$ 2.5 trillion and it's seems that the value will be in future around US$ 6 trillion in 2030. Neuropsychology has a strong clinical emphasis. At present there are about 120 neurological hospitals which are concerned with the treatment and rehabilitation of brain-damaged patients. Contrary to this, only a few dozen outpatient clinics and practices exist, providing assessment and rehabilitation beyond hospital treatment in the patients' vicinity. More than 1000 neuropsychologists are working in such clinical settings (e.g., rehabilitation clinics, neurology departments).

## TARGET AUDIENCE

- Neurologists
- Neurosurgeons
- Neuroscientists
- Psychiatrist
- Psychologists
- Diagnostic professionals
- Research scholars

## WHO SHOULD ATTEND

- Psychologist
- Neurologists
- Psychiatrist
- Scientists and professors
- Medical Colleges
- Research faculty
- Academic Scientists
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

## WHY TO ATTEND

Neuropsychology 2023 is an ideal opportunity to take stock of the state of psychology in the 21st century and the direction of future developments. This Conference will be an excellent opportunity to share academic and clinical developments and research and to build on social interactions and support each other. The goal of our conference is to unite experts from Clinical and Experimental Neuropsychology fields to share their ideas and learn from their best. It also gives opportunities to the companies to showcase their products and have face to face meetings with scientists increasing their business opportunities.

# WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

## DIAMOND SPONSOR $10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

## GOLD SPONSOR $7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

## SILVER SPONSOR $5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

## ABOUT VENUE

Paris, France's capital and largest city, is located in the country's north-central region. By around 7600 BCE, people were living on the current city's site, which is located along the Seine River about 233 miles (375 km) upstream from the river's mouth on the English Channel (La Manche). The modern city has spread far beyond the island and both banks of the Seine. The Seine divides historical Paris into three sections. The Left Bank (Rive Gauche) of the Seine has traditionally been the seat of intellectual life, while the Right Bank (Rive Droite) has traditionally been the seat of economic life, but these distinctions have become blurred in recent decades. Paris is located in the heart of the Ile-de-France region, which is traversed by the rivers Seine, Oise, and Marne. The city is surrounded by large beech and oak forests, which are known as the "lungs of Paris" because they help to purify the air in the heavily industrialized region. Paris benefits from the balmy influences of the Gulf Stream and has a fairly temperate climate due to its location on the western side of Europe and in a plain relatively close to the sea.
