About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Capitalization of Neuroscience and Neuroimmunology companies in 2014 investors provided $3.3 billion into firms that are developing drugs for neurodegenerative or psychiatric illnesses. Some big drug companies, including Biogen, Johnson & Johnson, Roche and Novartis are finding methods to prompt their efforts. New medicines for severe depression, psychosis and schizophrenia could reach the market within the next few years and treatments for diseases such as Alzheimer's, Dementia, and Parkinson's too. Global neuroscience industry demand was worth USD 24.09 Billion in 2013 and is anticipated to reach above USD 30.80 billion by 2020. Rising investment in R&D resulting in the development of numerous products in the neuroinformatics coupled with adequate funding from the government are key factors that drive growth in this market. Neuro-informatics involves designing and developing efficient tools and algorithms that can augment the performance of structural and functional mapping. Global Neuroscience market is expected to grow at CAGR of 2.9% over the next seven years.

About City and Venue

Madrid is the city of choice for many students studying Spanish due to its wonderful lifestyle, buzzing nightlife, pleasant climate, perfect location and its variety cultural activities and sights. It's for this reason that in the last year, Madrid saw nearly 10 million tourists come to enjoy everything the city has to offer. During the 18th century, under the reign of Carlos III, the great arteries of the city, such as the Paseo del Prado and Paseo las Acacias, were designed.You can't leave Madrid without experiencing night clubs like the Teatro Kapital, which, with seven different floors each showcasing its own style, is one of Europe's most famous clubs. There's also the Joy-Eslava, a converted theater which is open every day of the year! Nor can you leave without having a drink in some of the historical bars, like the Vía Láctea or the Penta in the Malasaña district, where you can get a taste of the famous "movida madrileña" of the 1980s. For those who love to shop, you can count on Madrid for a huge range of shops, boutiques and shopping centres.
