51st GLOBAL CONGRESS ON

# NURSING CARE AND RESEARCH

JUNE 05-07, 2023 | NEWYORK, USA

https://nursingcare.cmesociety.com/

# INVITATION

## NURSING CARE 2023

Greetings!!!

On completion of our past series successfully we are happy to inform you about our upcoming series the “51st Global Congress on Nursing Care And Research” on June 05-07, 2023 in NewYork, USA.

“Nurses are the Hospitality of the Hospitals”

This annual Congress brings together healthcare professionals, educators, caregivers, and researchers from around the world, along with students and industry representatives, to review on and communicate global nursing challenges and scientific achievements.

The Nursing Care 2023 will lay the groundwork for networking with eminent Nurse Leaders from over 50 countries. Join us and explore the Advancements, Research, and Best Practices in Health. Join us and explore more about Nursing care and Research. We assure you that you can also enjoy the reunion of many friends and colleagues and the interaction with worldwide professionals. To really make this event noteworthy, we have created a selection of unique program activities. The conference will include a workshop and an expo in addition to a top-notch program with the best speakers and cutting-edge themes.

Regards,
Kelly Enzo | Program Manager
Organizing Committee | Nursing Care 2023

# ABOUT US

Pulsus Group is an internationally renowned peer-review publisher in scientific, technical, and medical journals established in the year 1984 with offices in Ontario, Canada and Hyderabad, India has acquired Andrew John Publishing and openaccessjournals.com to expand its Open Access Publishing through its 50+ journals in association with 20+ International medical and scientific societies.

Pulsus through its cmesociety.com is been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international CME/CPD accredited conferences and meetings.

Pulsus Group is a Medical publisher that adheres to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. Pulsus Group takes pride in getting the endorsements of prestigious associations and societies like Canadian medical societies. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.Pulsus group is closely associated with globally renowned academic and research societies like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand.

# MARKET ANALYSIS

By 2030, the volume of the worldwide home health market is anticipated to be $ 634.9 billion, with a Rate of 7.9% from 2022 to 2030. The additionally empowers by home healthcare agencies increased patient outcomes, and cost-effectiveness is all factors in this expansion. The nursing care market in the world's largest area, Continental Europe, accounted for 43% of the market in 2019. The foremost area, North America, accounted for 33% of the worldwide nursing care industry. The increasing use of numerous new technologies and strategic initiatives is anticipated to have a positive impact on the industry. By allowing doctors to analyze genuine patient information, telehealth technologies can help long-term healthcare professionals avoid admitting their residents for emergency care and give medical assistance.

## ABOUT VENUE

One of the greatest cities in the world, New York City comprises 5 boroughs sitting where the Hudson River meets the Atlantic Ocean. At its core is Manhattan, a densely populated borough that's among the world's major commercial, financial and cultural centers. Its iconic sites include skyscrapers such as the Empire State Building and sprawling Central Park.

Long days and beautiful weather characterise June. The temperature often reaches 79F (26C) during the day and 64F (18F) at night. Despite being summer, only two days a month on average see temperatures rise beyond 90 F (32 C). In New York, it typically rains eight days each month in June. It doesn't always rain all day; rather, there are frequently brief showers. One of the nicest times of year to visit New York is now.

The beginning of summer is a special occasion for many people and in NY they celebrate it in different ways. The summer is one of the busiest travel seasons for New York, with families on vacation and extended-stay European visitors.

Come with us to New York!
