## ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.v

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

# MARKET ANALYSIS

The global market of nursing is increased up to $1,010.1 billion to $1,058.6 billion in between 2019 to 2020. Mainly due to covid there is huge demand of nurses. It will expected that the growth of market at a CAGR of 7% from 2021 and reach $1,374.9 billion in 2023. But according to World Health Organization (WHO) the reports says that nearly 6 million more nurses will be required by 2030 to provide standard quality healthcare n once the COVID-19 has passed. In recent years, the global market for nursing professionals has grown. Despite the fact that primary health care is provided, the nursing profession has specialization. Some of them include Certified Nursing Assistants (CNAs), Licensed Practical Nurses (LPNs), and Licensed Vocational Nurses (LVNs), as well as Surgical Assistant Registered Nurses, Emergency Room Registered Nurses, Labor and Delivery Nurses, and Nurse Case Managers.

According to the American Association of Colleges of Nursing (AACN), there will be roughly 2.99 million registered nursing employments in 2020, according to the Bureau of Labor Statistics (BLS). According to the BLS, the field is expected to grow by 9% through 2030, creating more than 276,000 jobs with chances in more than 100 specializations ranging from school or camp nurse to cardiac care..
