PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. USA is all set for an amazing event as PULSUS proudly presents the "48th Global Congress on Nursing Education and Research" slated on September 21-22, 2020 at San Francisco, USA.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Nursing and Healthcare professionals from around the world to participate in the upcoming Nursing Education 2020. The meeting for this year will revolve around the theme "**Improvement and Enhancement in Nursing Education, Research and Healthcare**" thus relaying the most cutting edge findings in the field of Nursing and Healthcare. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

About City and Venue

San Francisco, city and port, coextensive with San Francisco area, northern California, U.S., situated on a promontory between the Pacific Ocean and San Francisco Bay. It is a social and money related focus of the western United States and one of the nation's most cosmopolitan urban communities. San Francisco holds a safe spot in the United States' sentimental dream of itself—a cool, rich, attractive, common seaport whose lofty avenues offer amazing perspectives on one of the world's most prominent sounds. As indicated by the fantasy, San Franciscans are sophisticates whose lives hold full proportions of such cultivated delights as music, craftsmanship, and great nourishment. Chinatown, which is the most popular Chinese people group in the United States, is likewise presumably the least comprehended minority network in the city. The vivid shops and eateries of Grant Avenue cover a ghetto of swarmed apartments and sweatshops that has the most noteworthy populace thickness in an as of now thickly populated city. Many the individuals who dwell in Chinatown are later foreigners, especially from Hong Kong. The travel industry is a significant wellspring of pay. The extensions, Coit Tower, the exhibition halls, the eateries, Chinatown, North Beach, the Victorian houses, abnormal Lombard Street, and the amazing Fairmont Hotel are significant attractions; Fisherman's Wharf, be that as it may, is the most well-known. Families peruse the region, watching anglers set up the crab catch and retouch their nets during many trinket shops, road performers, cafés, and pastry kitchens selling one of the city's fortes, sourdough bread.

Sponsorship

PULSUS
