About City and Venue

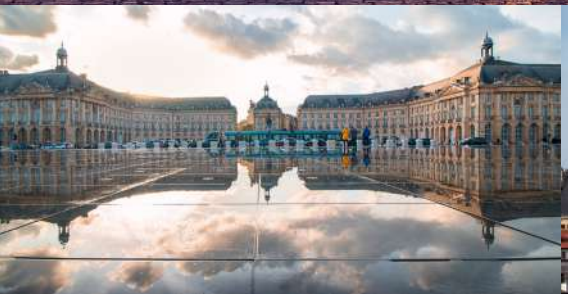

Prague, Czech Republic

Prague is famous for well-preserved castles, Baroque and Gothic cathedrals, medieval squares, dreamy bridges, nightlife spots, and a lively arts scene. It's known for its centuries of history and cultural heritage, where the medieval heart of Europe can be felt in its cobblestone streets.

Every developed country aligned with USA was considered a 1st World Country. Czechoslovakia was under the influence of USSR, so it couldn't be a 1st World Country. After USSR collapsed, the use of this term changed. Czech Republic is now considered to be a developed and a 1st World Country.

The city of Prague (Praha) is the dream destination of every traveller and is one of the most popular holiday destinations around the world. The city offers something for everyone and each one of us will surely find something to love there.

Prague boasts of being the capital of the Czech Republic, but actually, it is the social and cultural capital of the entire region of central Europe. It has been enriched by cultures and traditions of many eras like Gothic, Baroque and Renaissance, and each one of them has made an impression on the city which you will feel while touring around. Geographically, Prague lies on the banks of the Vltava River and has oceanic and humid continental climate which is greatly enjoyed by the visitors.
