- Gynecologic Oncology
- Spontaneous Abortion and Miscarriage
- Obstetricians Roles and Responsibilities
- Advances in Global Women Health

PULSUS

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

Gynecology & Obstetrics known as 'The Science of Women' deals with female reproductive system from the puberty stage to the pregnancy, childbirth, postpartum and menopause stage of women. Gynecologists and Obstetricians face a wide range of challenge from stage one to the menopause stage and yonder that. Some of the common surgical procedures performed by gynecologists where they had to face may challenges includes: Dilation and curettage, Hysterectomy, Oophorectomy, Tubal Hysteroscopy, Diagnostic laparoscopy, Appendectomy, and Cervical Excision procedures. Not only that, they had to treat acute and chronic health conditions and also they had to make the perilous childbirth process in a calm manner.

According to inquiries there were, 160 maternal deaths due to COVID 19 which have been testified worldwide where most of them in middle income countries are representing a barrier in reducing maternal mortality. After initial studies suggested that pregnant women were not at a higher risk of complications due to COVID 19 infection, recent investigations from Sweden and the US have indicated that pregnant and perinatal women are being put under increased risk of technical hitches associated with COVID 19. In an evaluation of 8207 issues of COVID 19 in the obstetric population, the Centres For Disease Control and Prevention (CDC) reported a higher risk of ICU admission and mechanical ventilation equated to non a pregnant women, even if no higher risk of mortality was ascertained. Reduce global maternal mortality to less than 70 per 100,000 live births between 2021 and 2030 as part of a sustainable development target.

Why should attend?

With OBGYN 2022 consists of Oral presentation, Poster presentationand Workshop, and many interactive sessions by the Keynotespeakers which provide us a ray of light in the field of Gynecology and Obstetrics. It encourages the innovators by honouring them a Best speaker award, best poster award, best Exhibitor Award as a token of gratitude. So this conference is all about bringing out the advanced techniques and treatment in this field thereby providing a pathway to lighten in the field of Gynecology and Obstetrics. Our goal is to deliver an outstanding program which covers the entire spectrum of research & innovations in Gynecology and Obstetrics care and share the cross-cultural experiences of various treatment procedures.

- a. 10+ World renowned Keynote speaker session
- b. 50+ Speaker faculty over 2 full days sharing evidence based
- on neurosurgical therapies.
- c. 5+ Workshops
- d. 13 Interactive sessions
- e. Mixture of Health care units and Academia delegates.
- f. Networking

Target Audience

- Gynecologist
- Obstetricians
- Scientists
- Scholars
- Academic scientists
- Diagnostic Laboratory Professionals
- Students
- Researchers on Gynecology
- Researchers on Obstetrics
- Medical institutions
- Academic Professionals
- Training Institutes

Young Scientists Benefits:

- Our meetings offer exceptional Platform on your studies via oral presentations.
- Share the thoughts with each eminent researchers and mentors.
- Young Scientist Award reorganization certificates and souvenir to the winners
- Young Scientists gets suitable and well-timed facts with the aid of using this Forum.
- Platform for collaboration amongst younger researchers for higher improvement
- Award ought to encourage members to try to recognize their complete capability which can in flip be useful to the sector as whole.

About City and Venue

Barcelona is a city on the shoreline of northeastern Spain. It is the capital and biggest city of sovereign network of Catalonia, as well as the second most crowded district of Spain. With a populace of 1.6 million inside city confines, its urban region stretches out to various neighboring regions inside the Province of Barcelona and is home to around 4.8 million individuals, making it the 6th most crowded urban region in the European Union after Paris, London, Madrid, the Ruhr territory and Milan. It is perhaps the biggest city on the Mediterranean

Sea, situated on the coast between the mouths of the rivers Llobregat and Besòs, and limited toward the west by the Serra de Collserola mountain run, which has the tallest peak of 512 meters (1,680 feet) high. Barcelona has a rich social legacy and is today a significant social focus and a significant tourist goal. Especially famous are the structural works of Antoni Gaudí and Lluís Domènech I Montaner, which have been assigned UNESCO World Heritage Sites. The central command of the Union for the Mediterranean are situated in Barcelona. The city is known for facilitating the 1992 Summer Olympics just as world-class meetings and compositions and furthermore numerous global game competitions.
