About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM

Singapore is a sovereign city-state and island country in Southeast Asia. After the First World War, the British built the large Singapore Naval Base as part of the defensive Singapore strategy. Today, Singapore's skyline soars with all the trappings of an international metropolis, ultra-modern integrated casino resorts, high per capita income, modern housing & accommodation for every citizen, world class universities, the list goes on & on. Today, it is attracting high calibre personnel as the place to work & live. Singapore ranks 5th on the UN Human Development Index and the 3rd highest GDP per capita. Singapore Changi Airport is consistently voted the world's best airport in both industry and consumer polls. Singapore is dubbed "the undisputed oil hub in Asia", with the country's oil industry responsible for five percent of the country's gross domestic product (GDP). Singapore's Night Safari is the world's first nocturnal safari park, it showcases more than 2,500 animals in their natural night-time habitats. No more going to the zoo to look at a bunch of dozing animals. Singapore hosts the first Formula One-night race in the world and the whole population seems consumed by the "F1" event that stretches over three days. Singapore, the City State, today enjoys a giant status of economic strength & power.
