2ND GLOBAL CONFERENCE ON

ORTHOPEDIC SURGERY & TRAUMA CARE

MAY 23-24, 2024 | Zurich, Switzerland

https://orthopedics.cmesociety.com/

INVITATION

ORTHOPEDIC SURGERY 2024

Dear Esteemed Colleagues, Attendees, and Orthopedic Enthusiasts,

A heartfelt welcome to the **2nd Global Conference on Orthopedic Surgery & Trauma Care!** We are thrilled to invite you to this exceptional event, set to unfold on **May 23-24, 2024**, against the stunning backdrop of **Zurich, Switzerland.**

Orthopedic Surgery 2024 promises to be a truly unparalleled gathering, bringing together the foremost minds in the field to exchange knowledge and explore innovative ideas. Our commitment is to showcase the very latest in surgical advancements, dissect trends, address challenges, and forge consensus on pivotal issues within orthopedics.

At the heart of this prestigious platform will be distinguished speakers, each poised to illuminate a wide spectrum of topics. Expect engaging presentations, dynamic discussions, and hands-on workshops that are designed to educate and inspire attendees.

Whether you are a seasoned professional or embarking on the early stages of your orthopedic journey, Orthopedic Surgery 2024 has something tailor-made for you.

Get ready for a truly fantastic and enriching experience in the captivating city of Zurich!

Excitedly,
The Organizing Committee
Orthopedic Surgery 2024

CONFERENCE HIGHLIGHTS

- Orthopedic surgery
- Trauma care
- Fracture management and treatment
- Joint replacement surgery
- Arthroscopic surgery
- Spinal surgery and rehabilitation
- Sports medicine and injuries
- Pediatric orthopedics
- Hand and wrist surgery
- Foot and ankle surgery
- Orthopedic trauma and emergency care
- Oncologic orthopedic surgery
- Orthopedic surgery devices
- Orthopedic infection and medicine
- Orthopedic Biomaterials
- Orthopedic rehabilitation and physical therapy
- Hip surgery and replacement
- Shoulder surgery and repair
- Osteoporosis and bone health
- Soft tissue injuries and repair
- Orthopedic research and advancements
- Nerve injuries and repair
- Ankle sprains and injuries
- Bone and joint infections
- Limb lengthening and deformity correction

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The orthopedic devices market has been experiencing significant growth, driven by factors such as the high incidence of orthopedic disorders, a growing aging population, and an increase in road accidents. The global market size is estimated at USD 69.7 billion in 2022, with a projected compound annual growth rate (CAGR) of 5.2% from 2023 to 2030. In this context, it is crucial to delve into the specific market dynamics and opportunities for orthopedic surgery and trauma care The rise in orthopedic medical devices can be attributed to increasing cases of degenerative bone disease, an aging population, and road accidents. These devices treat deformities, restore skeletal function, and stabilize body posture. Innovative technologies and diagnostic techniques have reduced the need for complex surgeries, while musculoskeletal conditions vary due to age, environment, race, and geography.

TARGET AUDIENCE

- Surgeons
- Medicine and Surgery
- Medical Scientists
- Healthcare Researchers
- Ph.D Scholars
- Physicians
- Orthopedic surgeons
- Sports medicine specialists
- Researchers and scientists in the field of orthopedics

WHO SHOULD ATTEND

- Medical device manufacturers
- Hospital administrators and executives
- Insurance providers
- Rehabilitation specialists
- Biomechanics experts
- Physician Assistants
- Anesthesiologists
- Pharmaceutical Companies
- Emergency Medical Technicians (EMTs)
- Athletic Trainers
- Biomedical Engineers
- Occupational Therapists
- Orthopedic Technologists

WHY TO ATTEND

The Orthopedic Surgery Conference 2024 offers a comprehensive program featuring oral presentations, poster sessions, seminars, and interactive sessions with renowned keynote speakers, all dedicated to advancing the field of orthopedic surgery. The conference focuses on highlighting the latest and most innovative methods of treatment, with the goal of providing attendees with valuable insights and knowledge to take back to their respective practices. The curriculum covers a diverse range of research and advances in orthopedics, with an emphasis on sharing cross-cultural experiences and diverse treatment methods. Our mission is to promote excellence in the field of orthopedics by providing an outstanding educational experience for all attendees.

The event promises to attract a mix of academic and healthcare delegations, enabling valuable interaction among participants. With influential keynote speakers, 5+ workshops, and 15 interactive sessions based on evidence from 50+ faculty across 2 full days, this conference is an excellent opportunity for professionals to stay informed and connected in the field of orthopedics.

ABOUT VENUE

Zurich, Switzerland, stands as the capital and most populous city, nestled in the western part of the country. Renowned for its picturesque landscapes, historical landmarks, and cultural richness, Zurich offers a dynamic and vibrant atmosphere. The city is a prominent center for medical research and innovation, housing leading research institutions, hospitals, and clinics. Zurich boasts a world-class transportation system, including trams, buses, and bicycles, facilitating seamless navigation for both locals and visitors.

Cultural Mosaic: Zurich is celebrated for its cultural mosaic, with a melting pot of over 180 nationalities. This diversity infuses the city with a lively blend of cultures and traditions evident in its architecture, art scene, musical offerings, and culinary experiences. The city's cultural institutions, encompassing museums, theaters, and galleries, pay homage to this diverse heritage. While Swiss German is the official language, English is widely spoken, reflecting the multicultural population and the prevalence of various other languages.

Climate: Zurich enjoys a mild maritime climate featuring cool summers and mild winters. Rainfall is evenly distributed throughout the year, with October being the wettest month. Summer, with temperatures averaging around 18-20°C (64-68°F), is the ideal time to explore the city, despite occasional rain showers.

City of Delights: Zurich is a city of delights, catering to a broad spectrum of interests. Boasting beautiful lakes, museums, historical landmarks, and a lively nightlife, Zurich's attractions are diverse. Key highlights include the Kunsthaus Zurich, the Swiss National Museum, the Old Town, and the vibrant Bahnhofstrasse shopping district. Visitors can also indulge in a boat cruise on Lake Zurich, explore the charming Lindenhof district, or experience the contemporary vibe of Zurich West
