Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. London is all set for an amazing event as PULSUS proudly presents the "**15th International Conference on Orthopedics, Osteoporosis & Trauma**" slated on **March 14-15, 2022**, **London, U**K.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Orthopedics, professionals from around the world to participate in the upcoming Orthopedics 2022. The meeting for this year will revolve around the theme "**Multifaceted Aspects and Enrichments in Orthopedics**" thus relaying the most cutting edge findings in the field of Orthopedics. The two-day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Orthopedics 2022

Venue

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. It was founded by the Romans, who named it Londinium. London's ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km2) medieval boundaries. It is often regarded as a world cultural capital. It is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is the world's largest financial center and has the fifth or sixth largest metropolitan area GDP in the world.
