5th International Conference on

Otorhinolaryngology

AUGUST 07-08, 2017

London, UK

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. London is all set for an amazing event as PULSUS proudly presents the "**Otorhinolaryngology 2017**" on **AUGUST 07-08, 2017.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Otorhinolaryngology from around the world to participate in the up -and -coming Otorhinolaryngology 2017. The meeting for this year will revolve around the theme "Exploring perspectives in the field of Otorhinolaryngology" thus relaying the most cutting edge findings in the field of Otorhinolaryngology Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Otorhinolaryngology 2017

Conference Highlights

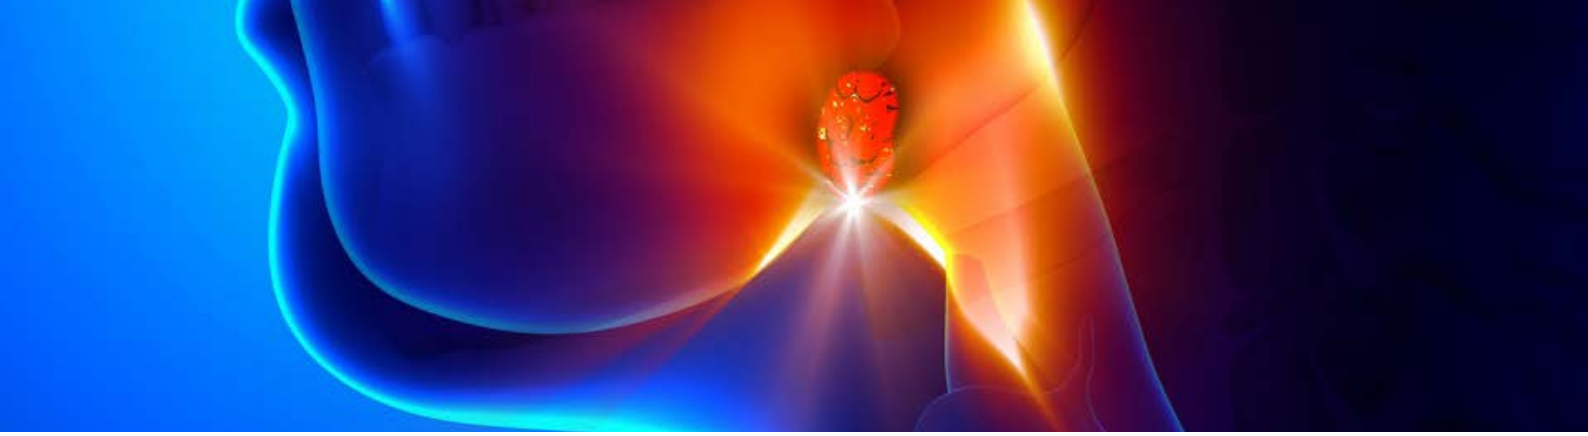

- General Medicine
- Rhinology and Allergy
- General Otolaryngology
- Airway and Swallowing
- Pediatric Otolaryngology
- Head and Neck
- Otology
- Sinusitis- Types and Treatment
- Ear Disorders
- Operative Otolaryngology
- ENT Infectious Diseases

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

ENT devices are distinct equipment used for diagnosis, therapy, or surgery of any disorders related to the ear, nose, or throat, thereby helping to correct any problems related to hearing, smelling, snoring, or speaking, There are a wide range of ENT devices available in the market including endoscopes, hearing screening devices, powered surgical instruments, hearing aids, hearing implants, handheld surgical instruments, balloon sinus dilation devices, CO2 lasers, image-guided surgery systems, ear tubes, nasal and otological (ear) packing material, and voice prosthesis devices.

Chronic sinusitis is one of the top 10 medical conditions and contributes around € 8.2 Billion of direct healthcare cost in the Europe. According to the Centers of Disease Control and Prevention (CDC), in the Europe, about 12.1% of the adult population or 28.5 Million people are suffering from chronic sinusitis, making it more prevailing than diabetes and asthma.

ENT Devices Market report is a comprehensive study of current market trends in the market, industry growth drivers, and restraints. These markets are analyzed at regional level to provide exhaustive market analysis for the years 2013, 2014, 2015 and forecast to 2020. Each market is comprehensively analyzed at a granular level by geography (North America, Europe, Asia and Rest of the World) to provide in depth on the global scenario.

About City

London's history stretches back over thousands of years, and the city boasts four World Heritage Sites: the Palace of Westminster and Westminster Abbey, the Tower of London, Maritime Greenwich and the Royal Botanic Gardens, Kew. London is the political, economic and cultural capital of Britain. You can visit the Queen's official residence at Buckingham Palace and tour the Houses of Parliament, historic home of the UK government. The city is incredibly well-connected, with five international airports and the high-speed Eurostar rail link. More than 50 countries are within a three-hour flight time and upwards of 300 international destinations have direct links to London. London's facilities for disabled visitors are constantly improving, with more accessible attractions, restaurants, tours and transport.

London contains four world heritage sites are the Tower of London, Kew Gardens, the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and Historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard.

Target Audience
