"Theme: Don't Let Parkinson's Defines Human Life"

12TH INTERNATIONAL CONFERENCE ON
PARKINSON'S AND MOVEMENT DISORDERS

NOVEMBER 23-25, 2023 | LONDON, UK

https://parkinsons-movement-disorders.pulsusconference.com/

INVITATION

PARKINSONS 2023

Parkinson's 2023 intends to host all the well-known neurologists, neurosurgeons, Psychiatrists, neurologists' assistants, and committee chairs to explore the future of neurological disorders in terms of collaboration, structures, and organizational development.

The conference with the theme" **Systematic Methodologies and Modern Therapies to Treat Parkinson's and Movement Disorders**". Parkinson's 2023 is an interdisciplinary conference with a variety of tracks to choose from in each segment, giving you a unique opportunity to network with peers from industry and academics. Parkinson's 2023 includes Keynote speeches, Plenary speakers, Oral and Poster presentations. The interested professionals can confirm their participation by registering in Parkinson's 2023. Register soon and avail Exciting Early bird discounts.

Once again, we are grateful for all of your excellent and innovative research works. The calculated and pertinent knowledge that is given will also foster expertly coordinated efforts to support logical scientific advancements. We promise you'd have a incredible involvement with Parkinson's 2023 and a love for the great city of London.

Come together and discover London!

Regards

Lyra Greyson | Parkinson's 2023

Organizing Committee

CONFERENCE HIGHLIGHTS

- Parkinson's Disease
- Epidemiology of Parkinsons
- Risk Factors of Parkinson's Disease
- Insights and therapeutics: Parkinsons disease
- Pathophysiology of Parkinsons
- Clinical Trials in Parkinsonism
- Movement Disorders
- Neuromuscular Disorders
- Dementia
- Alzheimer Disease
- Neurodegenerative Diseases
- Vascular Dementia
- Mitochondrial Dysfunction
- Traumatic Brain Injury
- Neurosurgery
- Neuroimaging
- Neuropharmacology
- Geriatrics Dementia and Cognitive Disorder
- Neuroepigenetics

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Parkinson's 2023 channelizes the blooming advancement in the field of neuroscience that details about the recent non-surgical trials and research to treat Neurological disorders. This Parkinson's 2023 is being intended for the international neurologists and research experts to encourage the use of exploration discoveries identified which would be as an aid to the people who is being uffering from neurological disorders. Parkinson's 2023 consists of Oral presentation, Poster presentation and Workshop, and many interactive sessions by the Key note speakers which provide us a ray of light in the field of Neuroscience. It encourages the innovators by honoring them a Best speaker award.

TARGET AUDIENCE

- Neurologists
- Neurosurgeons
- Neuro physiologists
- Pharmacists
- Neurology Organizations & societies
- Pharmaceutical companies
- Neuro and CNS drug Industries
- Neuroscience associations & foundations
- Neuro patients
- Medical Students
- Medical professors
- Bio medical Engineers
- Research Scholars
- Academic Scientists
- Medical practitioners

WHO SHOULD ATTEND

- Neuro experts
- Neurologists
- Neurosurgeons
- Neuro Patients
- Healthcare professionals
- Medical scholars
- Medical Industries and Health-care Professionals

WHY TO ATTEND

- To pursue new trends and techniques emerged in the field
- To Discourse and gain more Knowledge about the field
- To Furnish your Knowledge by Presenting Papers
- This provides a Platform for Networking with Peers
- Mixture of Health care units and Academia Delegates
- Networking.

ABOUT VENUE

London is the largest city in Europe and is the capital city of England and the United Kingdom. London is one of the most cosmopolitan. The tallest building in London is The Shard London Bridge and it is also the 45th tallest in the world. London is the first city to host the Olympics three times (1908, 1948 and 2012). The River Thames flows through London. Tower Bridge is the most recognisable bridge on the River Thames since 1894 and is often referred to as “London Bridge”. London has 43 universities, the largest concentration of higher education in Europe. More than 300 languages are spoken within London.The metropolis of London is the capital of the United Kingdom and the largest city in England. Present-day London, Old London, and the surrounding cities. With a history of over two thousand years, the city is considered as one of the world's economic, commercial and cultural centers. London is a leading global city. It is the world's largest financial center alongside, and is home to the headquarters of more than 100 of Europe's 500 largest companies. It has the most international visitors of any city in the world. Many of London’s top attractions lie only a short distance from here, such as Trafalgar Square, the National Gallery, Piccadilly Circus, Leicester Square, Buckingham Palace and St. James’s Park. The location is also within London’s “theatreland” and close to many of the capital’s best pubs, clubs, restaurants and shops. London is the most visited city in the world. Other popular tourist attractions include the London Buckingham Palace and the Changing of the Guard, The Tower of London and Tower Bridge, The British Museum, Big Ben and Parliament, National Gallery, The Victoria and Albert Museum, Piccadilly Circus and Trafalgar Square.
