International Congress and Expo on Pharmaceutical Microbiology

SEPTEMBER 28-29, 2017

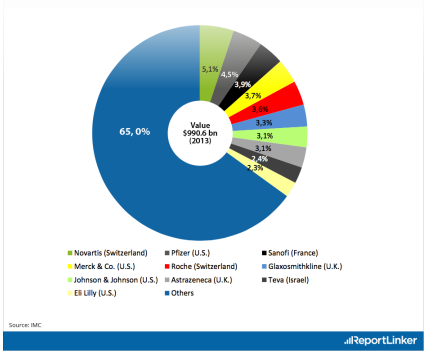

Atlanta, USA

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Market Analysis of Pharmaceutical Microbiology

The global Pharmaceutical microbiology market is valued at $6,727.29 million in 2014 and is expected to grow at a CAGR of 13.03% between 2014 and 2019. Increasing disease burden of infectious diseases and increased funding for healthcare expenditure are the important growth drivers for this market during the forecast period. The pharmaceuticals application segment accounted for the largest share of the microbiology market in 2014, while the food application segment is expected grow at the highest CAGR between 2014 and 2019 in the global microbiology market. The pharmaceutical microbiology market is segmented on the basis of products into consumables and instruments. The consumables product segment is further sub segmented into kits and reagents. The instruments segment is sub segmented into automated microbiology instruments, laboratory instruments, and microbiology analysers. The automated microbiology instruments are expected to grow at the highest growth rate in the instruments segment. The incubators are expected to grow at the highest growth rate in the laboratory instruments market. Mass spectrometers, are expected to grow at the highest growth rate in the microbiology analyzers segment. In the consumables segment kits are expected to account for the largest share and expected to grow at the highest growth rate during the forecast period. The respiratory diseases segment accounted for the largest share of the clinical microbiology market in 2014. This application segment is expected to grow at the highest CAGR between 2014 and 2019 in the pharmaceutical microbiology market. The geographic analysis revealed that North America accounted for the largest share of the global pharmaceutical microbiology market in 2014. The Asian regional segment, on the other hand, is expected to register a double-digit growth rate from 2014 to 2019, owing to the increased healthcare spending in this region

Conference Highlights

- Antimicrobial Drugs
- New Antibiotic Discoveries
- Contamination control due to microbes: Case studies
- Microbiological pharmaceutical quality control
- Importance of Environmental Monitoring
- Microbial contamination in Aseptic manufacturing Environments
- Waterborne microbial and fungal detection methods in pharma industries
- Disinfection and Sterilization -Methods
- Pharmaceutical Microbiology
- Contribution of Microbiology to Pharmaceutical Industry
- Microbial Biofilms-Risks to pharmaceutical Industries

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.

International Congress and Expo on Pharmaceutical Microbiology

SEPTEMBER 28-29, 2017

Atlanta, USA

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Atlanta is all set for an amazing event as PULSUS proudly presents the "Pharmaceutical Microbiology -2017" on September 28-29, 2017.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Pharmaceutical Microbiology from around the world to participate in the up -coming Annual Pharmaceutical Microbiology 2017. The meeting for this year will revolve around the theme "Emerging Technologies and Advanced research trends in Pharmaceutical Microbial Sciences" thus relaying the most cutting edge findings in the field of Pharmaceutical Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

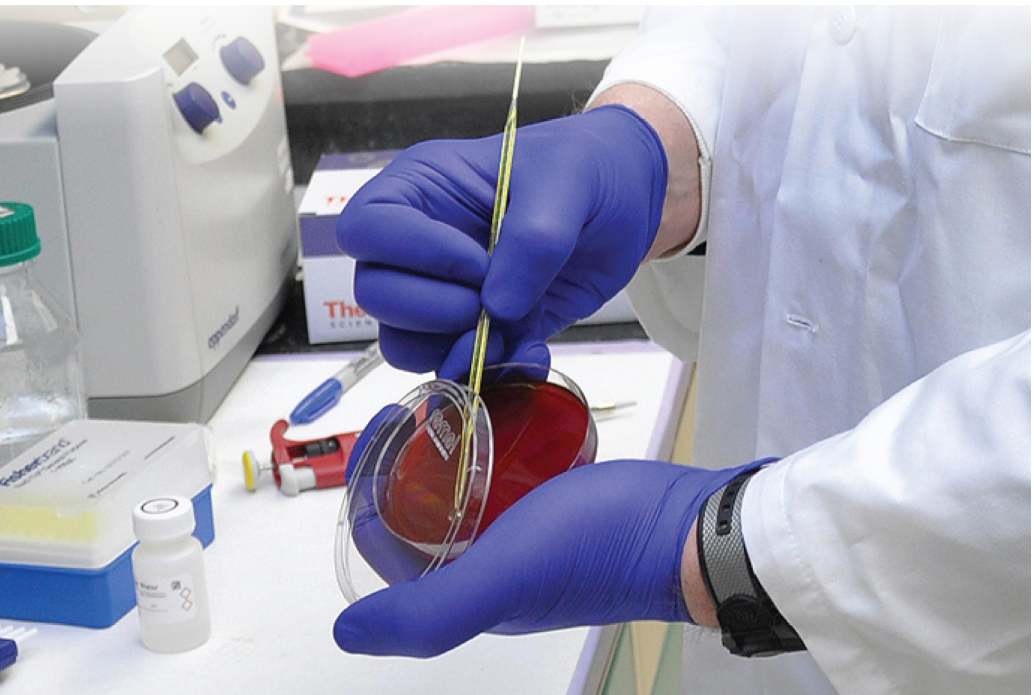

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Pharmaceutical Microbiology 2017

Pulsus Group Journals (www.pulsus.com)

- **30 years excellence in Medical publishing**
- **50+ journals in association with 20+ International medical and scientific societies**
- **Peer review publishing for Associations, Societies and Universities in Highly Indexed Reputed Journals**
- **Summary proceedings, custom publications and electronic publications.**

Exhibition and Sponsorship

- **An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Pharmaceutical Microbiology**

Additional benefits as follows:

- **Free exhibition booth for your association.**
- **Honorable guests for your presidents.**
- **Logo advertisement in the conference proceedings.**
- **Data sharing for your association.**

Conference Agenda

CONFERENCE AT A GLANCE

Day-1	Day-2
08.00-09.00	**08.00-09.00**
Reception/Registration	Reception/Registration
09.00-09.15	**09.00-09.45**
Opening Ceremony	Introduction of Keynote Speakers
09.15-09.45	**09.15-09.45**
Keynote Talk 1	Keynote Talk 1
09.45-10.15	**09.45-10.15**
Keynote Talk 2	Keynote Talk 2
10.15-10.45	**10.15-10.45**
Keynote Talk 3	Workshop Session
Group Photo	Panel Discussions
Coffee/Tea Break 10.45-11.00 (Networking) in the Exhibit Hall	
11.00-12.40	**11.00-12.40**
5 Speakers (20 Mins Each)	5 Speakers (20 Mins Each)
Lunch Break 12.40-13.30	
13.30-15.30	**13.30-15.30**
6 Speakers (20 Mins Each)	6 Speakers (20 Mins Each)
Young Researcher Forum	Poster Sessions
Coffee/Tea Break 15.05-15.20 (Networking) in the Exhibit Hall	
15.20-17.00	**15.20-17.00**
5 Speakers (20 Mins Each)	5 Speakers (20 Mins Each)
Panel Discussions	Panel Discussions
Awards & Closing Ceremony	

NOTE: Program Shedule is subject to change with final allotment of the speaker slots

Important Dates

Abstract Submission Opens: **December 01, 2016**
Online Registration Opens: **December 08, 2016**
Early Bird Registration: **March 24, 2017**
On spot Registration: **September 28, 2017**

Registration & Timings

September 28, 2017 (08:00 am to 06:00 pm)
September 29, 2017 (08:00 am to 06:00 pm)
Group Photo Time: (09:00 am to 09:10 am)

Don't miss your smile in the conference group photo. Please make your presence at the conference. If you could not attend, please let us know (pharmaceuticalmicrobiology@cmesocietyconferences.com)

International Congress and Expo on Pharmaceutical Microbiology

SEPTEMBER 28-29, 2017

Atlanta, USA

Pulsus *Group takes pride in getting the endorsements of prestigious societies and medical research assosiations world wide.*

Market Analysis

The global market for Pharmaceutical microbiology is estimated at 6 727 290 000 dollars in 2014 and expected to grow at a CAGR of 13.03% between 2014 and 2019. The increase in the burden of infectious diseases and the increased funding for health costs are the main factors of growth in this market during the forecast period. The pharmaceutical applications segment accounted for the largest share of the microbiology market in 2014, while the segment of food applications is expected to grow at the highest CAGR between 2014 and 2019 in the global market of microbiology. The clinical microbiology market is segmented on the basis of products consumables and instruments.

Pharmaceutical Microbiology 2017 provides the best opportunity to meet eminent scientists from all over the world. Accepted papers will be published in the following Pulses Group Journals.

- Asian Journal of Biomedical and Pharmaceutical Sciences
- Pharmaceutical Bioprocessing
- Advances in Applied Science Research
- Der Pharmacia Sinica

About City

With a long tradition in welcoming people from all over the world, "Atlanta", the host city, is among the most exquisite tourist destination, and hence the perfect place to hold such event, Atlanta is a country of a rich and ancient history, strikingly beautiful landscape and proud, hardy people. There are many reasons why you should visit this amazing country. Georgia aquarium is the largest indoor Aquarium in the world and attracts millions of tourist every year from different parts of the world and, the World of Coca-Cola, highlighting the historical backdrop of the world-popular soda pop brand and its notable promoting. Atlanta's 343 parks, nature jam, and gardens cover. During September month the scenery changes colour and are a fantastic time for outdoor activities, it is a particularly good time for people interested in Photography, Atlanta will offer you a great time and a warm welcome, September is the best time to visit the Atlanta USA.

Target Audience

- Pharmaceutical Microbiology Scientists
- Pharmaceutical Microbiology Researchers
- Microbiologists
- Microbiology Associations and Societies
- Pharmaceutical Companies and Industries
- Medical Colleges
- Medical Devices Manufacturing Companies
- Data Management Companies
- Drug Research & Development

City Attractions

- Martin Luther King Jr National Historic Site
- Atlanta History Centre
- Stone Mountain Park
- The Fox Theatre
- Piedmont Park
- Atlanta Botanical Garden
- Oakland Cemetery
- Fernbank Museum of Natural History
- Michael C Carlos Museum
