Pharmacology 2019 focuses on the importance to understand drugs and how they can affect human physiology. It is with better understanding of Pharmacology one can know the right dosage and dosage forms of drugs. More research in pharmacology deals with identifying and responding to drug interactions and its side effects along with its mechanism of action, its therapeutic index and thereby treat accordingly. More intensive study with the interaction between drug and its therapeutic effect helps to identify the properties of ideal drugs.

The Conference provides the research work of pharmacology and therapeutics from various scientific backgrounds and the same can be perceived by pharmacologists, scientists and students. Pharmacology 2019 brings unique platform for scientists, researchers, academicians, professors and students to share their knowledge and views also presenting research about latest pharmacological activities of drugs and chemical properties. PULSUS provides an opportunistic environment and vibrant podium through these auspicious events.

About City and Venue

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. It has the largest population in the UAE (2,106,177) and the second-largest land territory by area (4,114 km2) after Abu Dhabi. It is one of the few cities in the world that has undergone such a rapid transformation - from a humble beginning as a pearl diving center - to one of the fastest growing cities on Earth.
