Market Analysis

The pharmacovigilance market was esteemed at roughly USD 5.6 billion of every 2020, and it is relied upon to arrive at 8.6 billion by 2026, enlisting a CAGR of almost 7.54% during the gauge time frame, 2021-2026.

The developing danger of COVID-19 disease is antagonistically influencing networks, ventures, organizations, and lives all over the planet. Clinical observing and security detailing are fundamental as a few potential treatments are being utilized in the treatment of Covid initiated contamination. The drugs like Lopinavir/Ritonavir, hydroxychloroquine (HCQ), and Remdesivir are being reused to treat Covid contamination. The possibilities of associated antagonistic medication responses for some with these drugs have as of now been submitted to the singular case security reports data set named VigiBase, oversaw by Uppsala Monitoring Center (UMC). Subsequently, the rising occurrence of antagonistic medication responses is expected to speed up the interest for pharmacovigilance administrations in the midst of pandemics.

Target Audience

- Pharmacovigilance Students, Scientists
- Pharmacovigilance Researchers
- Pharmacovigilance Faculty Medical Colleges
- Pharmacovigilance Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Software Developing Companies
- Manufacturing Medical Devices Companies
- Data Management Companies

Who should attend?

Young Scientist Benefits

- Our meetings offer exceptional Platform on your studies via oral presentations.
- Share the thoughts with each eminent researchers and mentors.
- Young Scientist Award reorganization certificates and souvenir to the winners
- Young Scientists gets suitable and well-timed facts with the aid of using this Forum.
- Platform for collaboration amongst younger researchers for higher improvement
- Award ought to encourage members to try to recognize their complete capability which can in flip be useful to the sector as whole.

Why should attend?

With participants from round the arena targeted on studying approximately Pharmacovigilance and its advances; that is your exceptional possibility to attain the biggest assemblage of members from the Pharmacovigilance community. Conduct presentations, distribute facts, meet with contemporary and capability scientists, make a dash with new drug developments, and get hold of named popularity at this 2-days event. World-Renowned Speakers, the maximum current techniques, developments, and the most up-to-date updates in Pharmacovigilance are Hallmarks of this Conference.
