Bio:Dr Angela Wilson

Holistic Researcher and Case Investigator From Achievers Resource, Brisbane Australia

Mind Power Lady, Dr Angela Wilson (Ph.D.) is known as the authority of the unconscious mind.
The combination of taking an extra person in the family and living in a world of medical professionals led her hands truly on what humanity is looking for but afraid most of us to find out at the early age of six.
Her cutting-edge discovery results from eleven generations of Chinese herbal medicine Heritage; the 22nd generation on energy healing; academic study; holistic qualifications; rich clinical experience; and unstoppable cross-disciplinary testing by risking her life d and more.

It brings possible creative innovation on medical treatment that can build the energy path to the Unconscious mind.

==========

Abstract :

This talk aims to bring accurate thinking and a creative mindset on possible innovative approaches to holistic rehabilitation.

It will disclose 1. The ecosystem uses hypnotic rhythm to trap humans into the whirlpool of ongoing physical, emotional, and mental issues issue for the eventual tragic ending. 2. How a variety of health symptoms are shaped into different energy forms 3. How to reverse the trend of holistic health issues before it is too late. 4. The cause of most professionals being trapped in the confusion of the mind matrix-the human body 5. Most of us are lost in the juggle of the human body and three minds with endless effort chasing tails. 6. How our super mental strength becomes poison to worse the symptoms. 7. The resources of symptoms from the unknown. 8. How nutrition, diet, paranormal phenomena, healing, meditation, etc. trigger possible complicated health issues, etc

The case study will bring new innovation on how we could achieve holistic rehabilitation effectively from the cradle to the grave by jointing all dots into one full picture following the dynamic change of thoughts and monitoring process in the unconscious mind.
