Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. London is all set for an amazing event as PULSUS proudly presents the "World Congress on Plant Genomics and Plant Science" slated on October 15-16, 2018 at London, UK.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Plant Genomics from around the world to participate in the upcoming Plant Genomics 2018. The meeting for this year will revolve around the theme "**Exceeding the Vision in Plant Genome Sequencing and Plant Science**" thus relaying the most cutting edge findings in the field of Plant Genomics and Plant Science. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

30 YEARS OF EXCELLENCE IN MEDICAL PUBLISHING

Plant Genomics is the branch of molecular biology which is an evolutionary field of study that has gained rapid development of advanced research and data management tools in the past years. The recent advancement in technologies have integrated our ability to analyze and understand plant genomes and its vital role in sustaining life on earth. The sustainable production of raw materials for food, nutrition, fiber, feed, medicines and fuel can be achieved only through the study of Plant Genome and Plant Sciences. Therefore, research in plant science needs more attention and investment from both public and private sector agencies to fund for developing next-generation agricultural materials for keeping a secure and sustainable future.

Target Audience

- Plant Genomics Students
- Plant Genomics Researches
- Plant science Faculty
- Agricultural Universities
- Plant Agriculture Associations and Societies
- Soil science and Soil plant nutrition
- Business Entrepreneurs
- Training Institutes
- Software developing Companies
- Medical Colleges
- Research faculty
- Academic Scientists
- Diagnostic laboratory professionals
- Business Entrepreneurs
- Industry professionals
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

Who should attend?

- Plant Genomics Researchers
- Genetic Engineering Students
- Botanists and Microbiologists
- Manufacturing Agriculture Devices Company

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing Evidence Based Nursing practice
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academia Delegates
- Networking
