ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The rising volume of cosmetic surgeries due to increasing demand from emerging countries is expected to boost the market. The global cosmetic surgery and procedure market size is expected to reach USD 145.7 billion by 2030, the rapid rise in medical tourism, the expanding adult population, rising disposable incomes, and rising public knowledge of aesthetic specialties are all contributing to an increase in the market for medical aesthetic devices in these nations.

Due to such advanced and state-of-the-art services, Dubai has quickly become the hub for people opting for cosmetic surgeries. According to a Dubai Health Authority (DHA) report, the emirate has the highest number of cosmetic surgeons per capita in the region — about 50 specialists for a million people.

ABOUT VENUE

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. Dubai is a contradiction: sparkling skyscrapers, among the highest in the world, and immediately behind the endless and silent desert, ideal for a sunset dinner. January is a pleasant time to visit Dubai with the winter sun peeking in and the cool evenings. To begin your year on a high note, the Dubai Shopping Festival (DSF) takes place during the entire month of January. This city of skyscrapers and malls has evolved from a desert outpost into a popular vacation spot, drawing visitors in search of great deals, warm weather, and family-friendly activities. Dubai is renowned for its modern tourist destinations, like the Burj Khalifa, the tallest structure in the world, and shopping centres that feature enormous aquariums and indoor ski slopes. But in addition to all the glitzy modern extras, this city boasts a lot of cultural attractions and things to do. Skyscrapers, ports, and beaches are all present in the city of Dubai, where huge commerce coexists with sun-seeking holidaymakers. It has a significant expatriate population and the environment is generally tolerant, giving the impression of being in the Middle East.
