PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Rome is all set for an amazing event as PULSUS proudly presents the "World Congress on Primary Healthcare and Medicare Summit" slated on May 20-21, 2019 at Rome, Italy.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Primary Healthcare professionals from around the world to participate in the upcoming Primary Healthcare 2019. The meeting for this year will revolve around the theme "**Sustainability of Primary Healthcare and Medicare Manifestation**" thus relaying the most cutting edge findings in the field of Primary Healthcare. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Primary care is an essential healthcare on practical and socially acceptable technology made accessible to all the individuals in the community. Primary healthcare addresses the community's health problems and aids in screening, preventing, curing and rehabilitating the services. It educates the community about the prevailing health problems, promotes proper nutrition, food supply, family planning, immunisation, adequate water and basic sanitation. The continuity care provided by the General Practitioner enables a extended term of relationship and effective advise of risks to their health as well as navigating in a complex health and welfare system. The primary healthcare is designed in a way of working together for a better health outcome. As the principles of the primary healthcare is accessibility, health promotion, intersectoral collaboration and community participation. Medicare a federal health insurance program for people who are 65 or older and people with disabilities.
