Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. PULSUS proudly presents the "**4th International Conference On Prosthodontics**" slated on **April 15-16, 2022 paris, France**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Anatomy and Physiology from around the world to participate in the upcoming **Prosthodontics 2022**. The meeting for this year will revolve around the theme **"Reshaping the future with prosthodontics"** thus relaying the most cutting edge findings in the field of Clinical Trials and Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts..

Regards
Prosthodontics 2022
Organizing Committee

Paris, France

Paris, France

Paris is France's capital city. Which is also known as the "City of Light" or the "City of Love," because of its street culture, art, beauty, and history, Paris was the most common towns among tourists. Paris is a town with an incomparable heritage of historic locations, iconic monuments and sights that captures the hearts of millions every year with 7.4 million visitors. The Captial also provides a pleasant cultural journey of 2,185 monuments, 206 museums and many other outstanding sites and has appealing Louvre Museum, Picasso Museum, Garnier Palace, Luxembourg Palace. Paris ' economy consists of high-finance, banking, and tourist luxury goods.

Paris is situated on both banks of the Seine River in northern France. Paris is centrally located in the wealthy agricultural region known as the Paris Basin, the town surrounded by beech and oak trees known as the "Paris lungs." Capital city is not just France's political and cultural capital despite the significant economic and commercial center.

Healthcare: Healthcare and emergency medical services supplied by Hôpitaux de Paris (AP-HP), a public hospital scheme and the biggest hospital system in Europe, in the town of Paris.

Climate: Paris has a typical oceanic climate in Western Europe. The general environment is mild and moderately humid throughout the year.

Time Zone: Paris is one hour ahead of Greenwich Mean Time (GMT+1) in the Central European Time Zone (CET).
