4TH GLOBAL EXPERTS MEETING ON

PSYCHIATRY AND MENTAL HEALTH

OCTOBER 12-14, 2023 | PARIS, FRANCE

https://psychiatry-mentalhealth.pulsusconference.com/

INVITATION

PSYCHIATRY 2023

Greetings!

Psychiatry 2023 is delighted to welcome you to the **4th Global Experts Meeting on Psychiatry and Mental Health** scheduled in the stunning city of **Paris, France** on **October 12-14, 2023**.

The conference will focus on "**Reintegrating Psychological Innovations to Improve Mental Health**" in psychiatry emphasizing the importance of staying updated with the latest trends, techniques, and insights.

There's a diverse range of topics that will be covered at Psychiatry 2023. The discussions will include innovative scientific breakthroughs and the latest advancements in psychiatry and mental health. Along with keynote speeches, oral presentations, posters, seminars, and exhibitions, the conference will also feature engaging workshops and interactive sessions.

Psychiatry 2023 provides ample opportunities to network with fellow attendees, share your expertise, and gain new insights that can enhance your professional development. We're confident that you'll find this conference both informative and engaging.

We are excited and anticipating the opportunity to meet and network with you at the conference. Once again, welcome to Psychiatry 2023 in Paris, France.

Regards

Benjamin Otis | Program Manager

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Mental health issues affect people worldwide and are influenced by various factors including genes, stress, and brain chemistry. Global spending on mental health ranges from 5% to 18% of GDP. Depression is a leading cause of disability globally and is prevalent in over 264 million individuals of all ages. The global psychiatry and mental health market is valued at $383.31 billion in 2020 and is expected to reach $537.97 billion by 2030. Suicide is a significant cause of death, especially among young adults aged 15-29 years, with 90% of suicides attributed to mental illness in high-income countries. The mental health market in North America is expected to reach $14.26 billion by 2027, while the European market is expected to reach $5.84 billion by 2027. France has a growing psychiatry market with an expected value of $243 million in 2020. The global depression drugs market is projected to reach $21.4 billion by 2027, with antipsychotic and antidepressant medications being the most commonly used. Other commonly used psychiatric drugs include atypical antipsychotics, serotonin-norepinephrine reuptake inhibitors, selective serotonin reuptake inhibitors, central nervous system stimulants, tricyclic antidepressants, and monoamine oxidase inhibitors.

ABOUT VENUE

Paris, the capital city of France, is renowned for its romantic atmosphere, breath-taking architecture, vibrant culture, and renowned landmarks like the Eiffel Tower and Notre Dame Cathedral. It also boasts world-class museums, picturesque gardens, and a thriving fashion and shopping scene, attracting millions of visitors every year. The city's diverse culinary scene is also a major draw, with a plethora of restaurants, cafes, and markets serving delectable French cuisine. With 20 unique arrondissements to explore, Paris is an ideal destination for travellers with varying interests, whether you're a history buff, art enthusiast, foodie, or simply seeking to bask in the romance and allure of one of the world's most beautiful cities. Paris offers an extensive transportation network comprising buses, trains, trams, taxis, and the popular Paris Metro system with 16 lines and over 300 stations. In addition to the metro, the city has an extensive bus network and tramways. For eco-friendly options, Paris also has bike-sharing service and electric scooter-sharing services from Lime and Bird, providing visitors with a convenient and efficient way to explore the city on two wheels.

How to Reach

By Air: There are two major airports in Paris - Charles de Gaulle Airport and Orly Airport. Charles de Gaulle Airport, located approximately 25 km northeast of the city, is the largest airport in France. Orly Airport, situated about 18 km south of Paris, is the second-largest airport in the city. Multiple airlines offer flights to Paris from numerous destinations worldwide.

By Train: Paris enjoys excellent train connectivity to multiple European cities. The city is linked to various destinations through regular train services, with the high-speed Eurostar train providing connections to London, Brussels, and Amsterdam. Additionally, other regions of France and neighboring countries can be accessed via scheduled train services.

Abstract submission opens: March 01, 2023 | **Registration opens:** March 01, 2023
Early bird registration: April 30, 2023 | **On spot registration:** October 12, 2023
