Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Ireland is all set for an amazing event as PULSUS proudly presents the “Annual Congress on Rehabilitation and Future Pharma” slated on November 16-17, 2022 at Paris, France.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Orthopedic, Rehabilitation Research and Pharma professionals from around the world to participate in the upcoming Annual Congress on Rehabilitation and Future Pharma.

The meeting for this year will revolve around the theme “Advancements and enhancements in the field of Orthopedic, Rehabilitation and Pharma” thus relaying the most cutting edge findings. The two day meeting is going to be an event to look forward for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting Early bird discounts.

Regards

Miya Williams

Program Manager

Day Concludes	
Award Ceremony	

Tourist Attractions

Venue

Paris s the capital and most populous city of France, with an estimated population of 2,175,601 residents as of 2018, in an area of more than 105 square kilometers (41 square miles) Since the 17th century, Paris has been one of Europe’s major centers of finance, diplomacy, commerce, fashion, gastronomy, science, and arts. The City of Paris is the Centre and seat of government of the region and province of Île-de-France, or Paris Region, which has an estimated population of 12,174,880, or about 18 percent of the population of France as of 2017. According to the Economist Intelligence Unit Worldwide Cost of Living Survey in 2018, Paris was the second most expensive city in the world, after Singapore and ahead of Zürich, Hong Kong, Oslo, and Geneva. Another source ranked Paris as most expensive, on par with Singapore and Hong Kong, in 2018.
