Invitation

The world of science has been evolving on daily basis and there have are many things which are being uncovered everyday in different parts of the globe. It is very important to share these research findings to avoid the process of the reinventing the wheel. With this motto Pulsus is organizing the "***International Conference on Robotics and Artificial Intelligence***" which is scheduled to be held at ***Prague, Czech Republic*** *on* ***July 20-21,2020***.

The conference will be organized around the theme, "***Probing innovations-opportunities in Robotics and Artificial Intelligence***".

PULSUS cordially welcome researchers, academicians, students and business professionals from around the world to participate in the upcoming Robotics & AI 2020.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers, innovators and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Robotics and AI 2020
Organizing Committee

Conference Highlights

- Introduction to Robotics
- Robot locomotion
- Robot Controlling
- Nano and Micro Robotics
- Motor and Sensor
- Robotics in Defence System
- Artificial intelligence
- Security and Surveillance
- Machine learning
- Robotics in Medical and Healthcare
- Robotics and AI in industries
- Robotics in Agriculture
- Humanoid robotics
- Network in robotics
- Data Science in Robotics
- Human Machine Interface
- Future of Robotics

Agenda

July 20, 2020- Monday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Introduction to Robotics | Robot locomotion | Robot Controlling
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Robot Controlling | Nano and Micro Robotics | Motor and Sensor
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Artificial intelligence | Machine learning | Data Science in Robotics

Tentative

July 21, 2020-Tuesday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Robotics in Defence System | Security and Surveillance | Network in robotics
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Robotics in Medical and Healthcare | Robotics and AI in industries | Robotics in Agriculture
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Human Machine Interface | Future of Robotics
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

Prague, the capital of the Czech Republic, has a natural, magical draw that fascinates millions of tourists every year. Prague is the beating heart of Europe, with cathedrals, castles and cruises on the quiet Vltava. It is the 14th largest city in Europe and has a rich architectural heritage. In addition to the cultural life and monument, Prague also plays an important role in economic life.

The main tourist attractions on the city include Dancing house which is famous because of the architecture of the two-building complex is quite popular due to its quirky style. Other tourist attractions include Prague Castle, St. Vitus Cathedral, Astronomical Clock, Charles Bridge and many more.

The Prague castle is the largest castle in the world of about 130-metre-wide medieval castle and its 70,000 square meters of land attract almost 2 million visitors every year and have landed it a spot in the Guinness Book of World Records. The Vltava is the longest river in the Czech Republic and runs through Prague. Petrin Tower resembles like an Eiffel Tower, but only 60 meters tall. Prague is out there sparkling in all its glory and recognized as one of the most beautiful, enchanting cities in Europe. The sixth most visited city in Europe is Prague. There are around 1.262 million people living in the Czech capital, and it is host to over 6 million tourists every year.
