Speakers Representation from 50+ Countries

1 Conference | 2 Days | Conference in Dentistry

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and globally famous for influential art, architecture place Edinburgh, Scotland!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the "***Annual Dentistry and Dental Sciences Congress***" scheduled during ***March 2-3, 2020*** at ***Edinburgh, Scotland***.

The Conference will be organized around the theme "***Escalating the research ideas on Dentistry and Dental sciences***"

Dentistry 2020 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Dentistry, Orthodontics, Dental Nursing, Dental Physics Science and Metabolism to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Dentist and researchers working on Orthodontist, Oral Surgeons from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Belinda Johns

Program Manager | Dentistry 2020

Organizing Committee

ABOUT 2020 CONGRESS

PULSUS takes immense pleasure in inviting all the participants from across the globe to attend “Annual Dentistry and Dental Sciences Congress”. This comprises of proficient keynote presentations, verbal speeches, productive poster presentations and exhibitions providing insights to the importance and efficiency of dentistry in Healthcare. The conference takes place in Edinburgh, Scotland during March 2-3, 2020.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity. With a legacy of 30 years of excellence in Medical Publishing, Now, we are running several International Conferences in the fields of Medical, Clinical, Life Science and, Pharma.

Dentistry 2020 Conference highlights the theme “Escalating the research ideas on Dentistry and Dental Science”. Dentistry 2020 is an event intended to provide an exclusive platform for new researchers, scholars, Dentists, surgeons, physicians, students and educators to show case their novel ideas and discuss the most recent innovations, trends and key concerns adopted in the field of Dentistry. The two days of educational program will include keynote presentations, oral presentations, and poster presenters on the advanced techniques as well as papers in all the fields of dentistry in health care. Dentistry 2020 Conference aims to explore advances in dental practice, management and education in relation to health disparities as well as a breadth of other topics. Dentistry 2020 will provide an opportunity for dental practitioners and educators to exchange research evidence, models of best practice and innovative ideas. It is a platform for dental students, faculty, deans, researchers, and leaders to collaborate on topics affecting dental education.

Dentistry 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

CONFERENCE AT A GLANCE

Monday, March 2

AGENDA AND MOTIVE

Purpose

With members from around the world focused on learning about Dentistry and Dental Sciences, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Dentistry and Dental Sciences to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Dentistry and Dental Sciences and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to:

- Discuss emerging issues in Dentistry and Dental Sciences
- Discuss and apply recent research findings related to Dentistry
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Dentist, Cosmetic surgeons, Dental Hygienists, Dental Nurses, Dental Practitioners, Dental Manufactures, Diagnostic Laboratory Professionals, Dentists, Health care Associations and Societies, Health Care Faculty, Medical Student, Oral Surgeons, Physicians, Researchers, Scholars, Dental Implants manufacturers.

ATTRIBUTES

Diverse Action-Oriented Programming & Networking

EXPERIENCE: Inspiring change around the country and world, growing a revolution from the Dentist, Orthodontic, Dental Nursing and Dental physics Science.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and "the greatest people you've never heard of."

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Dentistry Education, Practice and Research, and Dental Life more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Scientific Sessions

Dentistry
Cosmetic Dentistry
Paediatric Dentistry
Oral Surgery
Dental Nursing
Oral Cancer
Dental Imaging Technique
Dental Stem Cell
Nano Dentistry
Forensic Odontology
Gum Disease
Digital Impression
Dental Therapeutics and Pharmacology
Holistic Dentistry
Hypodontics
Dental Hygiene
Orthodontics
Oral Pathology

Dentistry 2020 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Dentistry and Dental Sciences an unique platform to increase your reputation with-in the Dentistry and Dental Sciences

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 2 Days

Dental Science Congress main motto is to bring the eminent researchers, Professors, Lab technician, Students, Businesspeople, Bio Material, Scientist, Dental Nurse, Dental marketing people, Dentist, Medical students to discuss about the current technology and future probability techniques to enhance the treatment. Most of the diseases emerging at present doesn't have a proper treatment technique, in that dental problems are countless. This reason increases the market value of dental science and dentistry.

The treatment and care for teeth is started in the ancient period. The ancient treatments are now a days developed and become modernized. The technology used for the dental problems are become painless and reducing the time of treatment. So, the demand for dentistry is escalating higher. Dentistry is a branch of science that deals with the prevention, detection and treatment for dental problems.

Variety of procedures and equipment are using in the dental treatment. Most of the people have a dental cavity that is treated according to the procedure, it is not only the drilling and filling the cavity. The dental researchers are coming up with new and modern technologies to treat the disease this increases the scope. So, the market value of dental science and dentistry is increasing rapidly.

Global Market Value:

The global dental market has a gradual increasing in growth rate. This is attributable to factors such as growing healthcare expenditure, rapid rise in the number of dentists, growing implant dental value and increasing aging population with increasing demand for oral care and technological advancement. The growth could be hindered by costly treatment, stringent regulatory norms and lack of awareness.

In present Scenario the indicators indicate the market will continue to grow moving forward. The global dental market is projected to increase to a value of around 37 billion U.S dollars by 2021. The medical technologies.

AN INTRO TO EDINBURGH

Scotland capital is Edinburgh, it is the most populous city. The population of around 488,050. In United Kingdom, Edinburgh is the seventh most populous city. The most famous festival of Edinburgh is Fringe and the Edinburgh International Festival. In March the climate of the Edinburgh is enjoyable, the summer is moderate, and the rain is also less. There is more tourist place is present to spend the vacation. Edinburgh is the strongest in economy of any city in the United Kingdom. The professional qualification is highest percentage in the Edinburgh. The value for dentistry is steadily increases. Edinburgh is the most productive and fastest growing cities in United Kingdom. Edinburgh is the most productive and fastest growing cities in United Kingdom. The dental implants and dental market have a gradual growth in society

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before February 31 2020 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
