Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Frankfurt is all set for an amazing event as PULSUS proudly presents the "**7th International Conference on Smart Materials and Nanotechnology**" slated on **March 16-17, 2020, Frankfurt, Germany**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Nanotechnology professionals from around the world to participate in the upcoming **Smart Materials 2020**. The meeting for this year will revolve around the theme "**Emerging trends in the fields of Smart Materials and Nanotechnology**" thus relaying the most cutting edge findings in the field of Smart Materials and Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Smart Materials 2020
Organizing Committee

Conference Highlights

- Applications of Smart Materials
- Smart Control Systems
- Shape memory alloys & Shape memory polymers
- Smart Polymers
- Thermoelectric materials
- Optical and electronic smart materials
- Smart materials using Nanotechnology
- Smart Sensors
- Bioinspired and Biomimetic materials
- Smart textiles, wearables, Internet of Things
- Nanomaterials
- Nanotehchnology applications
- Green Nanotehchnology
- Nanoremediation
- Nanomedicine
- Nanolasers
- Tissue Engineering
- Nanophotonics
- Nanorobotics

Agenda

Day-01 Monday March 16, 2020

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Entrepreneurs Investment Meet | Application of Smart Materials | Smart Control Systems | Shape memory alloys and Shape Memory Polymers
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Smart Polymers | Thermoelectric materials | Optical and electronic smart materials | Smart Materials using Nanotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Smart Sensors | Bioinspired and Biomimetic materials | Smart Textiles, wearables, Internet of Things

Tentative

Day-02 Tuesday March 17, 2020

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Nanomaterials | Nanotechnology applications | Green Nanotechnology
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nanomedicine | Tissue Engineering | Nanoremediation
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Nanophotonics | Nanolasers | Nanorobotics
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

Frankfurt is the 5th largest German city and one of the major European cities. The city is well known for its artistic skyline and the busiest airport. Frankfurt is the major transportation centre of Germany and is located on the river Main. Also, it is the main centre of the European Central Bank. Frankfurt today is considered to be a multicultural city because it is having the highest immigrant populations. So, the city is simply said to be a home to people of more than 220 different nationalities. The city has one of the largest varieties of museums in Europe. One of the world's largest stock exchanges by market capitalization is the Frankfurt Stock Exchange since it accounts for about 90 per cent of the turnover in the German market. Frankfurt is much popular for tourist's spots. In Frankfurt, one of the most attractive and impressive holiday destinations is the historic centre for tourists. There are interesting monuments, museums and old buildings at every step, so exploring the most attractive places is much easier in this city. It has leading cultural locations in Europe. The wide variety of artistic skills shown on both sides of the River Main attracts visitors from all over the world. Opera House, Theater district and numerous art galleries had created a huge attraction and impact among the visitors and audience. Still, there is some newer kind of artistic, cultural and intellectual skills in this city which makes the immense pleasure to visit those places.
