PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Toronto is all set for an amazing event as PULSUS proudly presents the "2nd International Conference on Sexually Transmitted Diseases" slated on December 03-04, 2018 at Toronto, Canada.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of STD, HIV/AIDS from around the world to participate in the upcoming STD 2018. The meeting for this year will revolve around the theme "**Futuristic Approaches in Clinical Therapies of Sexually Transmitted Diseases**" thus relaying the most cutting edge findings in the field of STD, HIV/AIDS Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
STD 2018
Organizing Committee

Conference Highlights

- Types of STDs
- Evolution of STDs
- Immunopathogenesis
- Treatment Strategies
- STDs Prevention
- Advanced Diagnostic Tools
- Drug Development and Research
- Vaccines Development
- Nanotechnology in HIV treatment
- Phytochemicals in STDs Treatment
- Drug Resistance and Mutation
- STDs and Cancer
- Co-Infection of STDs
- Infertility and Birth Defects
- Vertical STD Transmission
- Paediatric STDs
- Multimorbidity and Complications
- Public Awareness and Knowledge of STDs

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

30 YEARS OF EXCELLENCE IN MEDICAL PUBLISHING

Sexually Transmitted Diseases (STDs) are among the most infectious diseases which is caused by bacterial, viral and protozoan pathogens and are a major cause for morbidity and mortality in many developing countries. There is no cure for STDs caused by viral pathogens but bacterial STDs can be treated with antibiotics. The prime focus of the event is on the clinical advances in diagnostic methods, understanding drug resistance and mutation mechanism, cancer associated with STDs. Infertility, birth defects, multiple morbidities and co-infections which causes other complications in addition to the disease must be focused to provide a cure for the ailments caused by the disease.The different treatment strategies for STDs mainly focuses on drug development and research such as gene editing, nanotechnology in drug delivery system, phytochemicals in STDs treatment which provides a better clinical care. This event provides an excellent opportunity for the young scientists and researchers to explore the advancements in the various fields associated with STDs.

Target Audience

- Physicians
- Physician Assistants
- Health care professionals
- Diagnostic laboratory professionals
- Nurse Practitioners
- Pharmacists
- Psychologists
- Behavioral researchers
- Community health educators
- Research faculty
- Academic Scientists
- Social Workers
- Academicians
- Students
- STD-AIDS associations and societies

Who should attend?

- Healthcare professionals, scientists and students
- Physicians and Physician assistants
- Diagnostic laboratory professionals
- Psychologists and Behavioral researchers
- Research faculty
- Medical Colleges
- Training Institutes

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academia Delegates
- Networking

About City and Venue

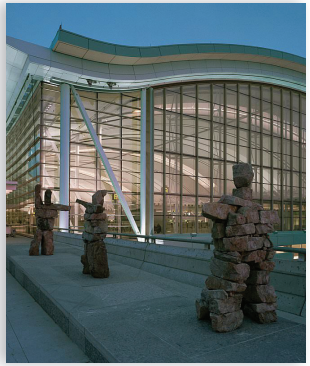

Toronto is the capital of the Canadian province of Ontario. It is located within the Golden Horseshoe in Southern Ontario on the northern shore of Lake Ontario. Toronto is recognized as one of the most multicultural and cosmopolitan cities in the world. With a population of 2.6 million, Toronto is the largest city in Canada and fourth largest city in North America by population. Toronto and its surrounding suburbs are collectively known as the Greater Toronto Area (GTA). The Toronto city officially deals in 16 different languages, while the public transit agency Toronto Transit Commission offers a help line in 70 languages. Toronto is an international centre for business and finance. The city is home to the Toronto Stock Exchange, the headquarters of Canada's five largest banks, and the headquarters of many large Canadian and multinational corporations. Its economy is highly diversified with strengths in technology, design, financial services, life sciences, education, arts, fashion, business services, environmental innovation, food services, and tourism. The city is an important centre for the media, publishing, telecommunication, information technology and film production industries.
