About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Las Vegas in Nevada is 28th most populated city in USA with the culture of nightlife, gambling, fine dining and entertainment and that is the reason it is internationally acknowledged as a resort city. The estimated population of Las Vegas is 623,747(1,838.63km per square). It also carries the name The Entertainment capital of the world as it is well known for big casino hotels and associated activities. Las Vegas flourishes with its riches of glamour and entertainment and is one of the major attractions worldwide. Las Vegas doesn't stop by its amusing pleasures it also ranks top in providing quality education and College of Southern Nevada and University of Nevada School of Medicine stands for their quality education. They also concentrate much more on their people health as their state of living arouses deadly diseases to the people life. The Nevada Department of Health and Human Services prominently works for the betterment of human lives and support them to lead a healthier life. The human health industrial growth and drug manufacturing for diseases in both technical and non-technical sectors has a greater outreach when compared with the rest of the cities.
