Dear Stem Cell Research Professionals:

It is with immense pleasure and gratitude that I undertake this extraordinary opportunity to introduce you to the **Advances in Cell & Stem Cell Research** 2018 series for this year to he held on **November 28-29, 2018** in **Barcelona, Spain**. I must admit that as a Reproductive Specialist in various forms of Assisted Reproductive Technologies and the "Father of Andrology", I have been very actively involved in the areas of Assisted Reproductive Technologies, Procreation and the Reproductive Medicine arena for over 45 years, particularly working in the diagnosis and treatment of human infertility with emphasis in male infertility and possible modes for establishing and maintaining a pregnancy. As the "**Father of Andrology**", I am considered as one of the top world experts on the use of various modalities in the enhancement of male fertility aiming towards human procreation. Stem cells are and will be part of our future efforts in enhancing a number of different mechanisms in the treatment of infertility and promoting male fertility.

In reviewing all of the aims and scope of the Conference on Advances in Cell & Stem Cell Research 2018 series to he held on November 28-29, 2018 in Barcelona, Spain. I see very clearly that it offers a rather unique opportunity to provide researchers and other with professional guidance and support on matters relating to the scope of their clinical practice and to be brought up to date on the most current happenings in medicine and the various Advances in Cell & Stem Cell Research areas. It is with this spirit and scope that I highly recommend to everyone in attending and participating at this extraordinary and one of a kind conference.

Best Wishes,

Prof. Dr. Panos Zavos,
Director & Chief of Andrology,
Andrology Institute of America

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Barcelona is all set for an amazing event as PULSUS proudly presents the Advances in Cell & Stem Cell Research Congress slated on November 28-29, 2018 at Barcelona, Spain.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Parkinsons Movement Disorders from around the world to participate in the upcoming Stem Cell Research 2018. The meeting for this year will revolve around the theme "*Gearing up for the Futuristic Innovations and Global Challenges in Cell Biology and Stem Cells*" thus relaying the most cutting edge findings in the field of Pharmacology. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Stem Research 2018 provides a worldwide stage to worldwide systems administration and trading most recent developments in nursing and healthcare. Offering opportunity to go to the presentations conveyed by eminent experts from everywhere throughout the world. Participating in Stem Research 2018 gives an approach to meet, cooperate with, and make contacts with different specialists in your claim to fame region. Most meetings will have creators, analysts, or clinicians who are perceived specialists in the field. Stem Research Conference unite people who have an enthusiasm for various fields of nursing like Stem Cells, Cell Therapy, Organ Regeneration, Tissue Engineering and Regenerative Medicine, Cell Biology and Stem Cell Therapy from practice, research, administration, policy and education along with applying basic science and engineering principles from diverse areas towards solving clinically relevant biomedical problems and to discuss materials-related strategies for disease remediation.

Target Audience

- Academicians including Professors
- PhD Scholars, Students carrying out laboratory and field of studies from Cell Biology
- Stem Cells
- Tissue Engineering
- Regenerative Medicine
- Cancer
- Tissue Science and the people Associated Professionals
- Clinical Laboratories and Technicians
- Research Institutes and members
- Supply Chain Companies
- Training Institutes
- Business Entrepreneurs.

Why to attend?

Stem Research Conference provide a worldwide platform for sharing information and ideas and keeps on updating about the latest innovations and advancements in the field of Cell Biology and Stem Cells . About City and Venue

Barcelona is the capital city of the autonomous community of Catalonia in the Kingdom of Spain, as well as the country's second most populous municipality, with a population of 1.6 million within city limits. Its urban area extends beyond the administrative city limits with a population of around 4.7 million people, being the sixth-most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area and Milan. It is the largest metropolis on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 metres (1,680 feet) high.
