GLOBAL EXPERTS MEET ON

STEM CELLS RESEARCH AND THERAPY

OCTOBER 16-18, 2023 | PARIS, FRANCE

https://stemcells.cmesociety.com/

INVITATION

STEM CELLS 2023

STEM CELLS 2023 desire the honor and pleasure of your existence at the **GLOBAL EXPERTS MEET ON STEM RESEARCH AND THERAPY** is scheduled to take place on **OCTOBER 16-18, 2023** in **PARIS, FRANCE**. This occasion, the theme of "**NOVEL METHODOLOGY TO SHAPING STEM CELL RESEARCH AND THERAPY OUTBREAKS IN THE WORLD AND STEM CELL THERAPIES**" will energize the participants, professors, and researchers in the field of Stem Cell. STEM CELL 2023 will provide fresh perspectives, convictions, methods, and strategies in areas where none of the other conferences have been able to do so with a strong line up of keynote speakers, qualified participants, and interesting topics. STEMCELL 2023 invite you everyone to join the conference, where the topics covered in the many theme sessions will be discussed.

World STEM CELLS 2023 pleased to encourage prospective writers to submit their original works to this important conference, where you can be sure to have valuable interactions with academics and experts from other cultures and countriesWith STEM CELLS 2023 consists of Oral presentation, Poster presentationand Workshop, and many interactive sessions by the Keynote speakers which provide us a ray of light in the field of Stem Cells Research And Therapy.

So this conference is all about bringingout the advanced techniques and treatment in this field thereby providing a pathway to lighten in the field of Stem Cell Research And Therapy. Our goal is to deliver an outstanding program which covers the entire spectrum of research & innovations in Stem Cell Research And Therapy care and share the cross-cultural experiences of various treatment procedures.

Regards
Sylvia June | Program Manager
Organizing Committee | STEMCELLS 2023

CONFERENCE HIGHLIGHTS

- Stem cell investigations
- Advances in Embryonic Stem Cells
- Breakthroughs of Germline Stem cells
- Evolution in Stem Cell -Transplantation
- Tissue-Specific Stem Cells
- Regenerative Stem Cells Therapy
- Developments in Tissue Engineering
- Advances in Stem Cell Differentiation
- Research in Disease and stem cell treatment
- Stem Cell Banking
- Innovation Cell Know-How
- Advance In Stem Cells and Niches
- Cell Signaling and Development
- Genome Reprogramming
- Improvements in Epigenetics
- Cancer Stem Cells
- Nuclear Transfer Technology
- Pluripotency
- Cell and Organ Regeneration
- Stem Cell and Veterinary Application

ABOUT US

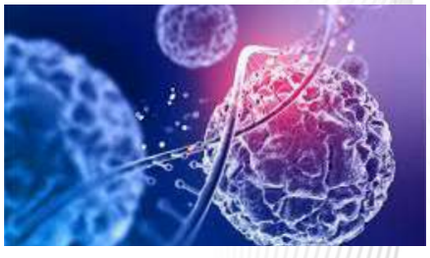

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The global Stem Cells 2023 market was worth USD 11.89 billion in 2021 and is expected to grow at a compound annual growth rate (CAGR) of 11.4% between 2022 and 2030. The growing development of precision medicine, an increase in the number of cell therapy manufacturing facilities, and an increase in the number of clinical trials are expected to be major market-driving factors. Furthermore, rising demand for stem cell banking and an increase in research activities related to stem cell production, storage, and characterization are expected to drive market revenue growth. Other factors that support the expected growth in demand for stem cells over the forecast period include technological advancements in the parent and ancillary markets for stem cell 2023 usage.

The primary drivers of this market are adequate to support from the public and private sectors, as well as growing global awareness of stem cell therapies and research. The global market for stem cells has been significantly boosted by an increase in medicinal research projects funded by governments all over the world. However, it is expected that the high cost of stem cell therapy, as well as strict government laws prohibiting stem cell harvesting, will limit the global stem cell industry's growth. At the moment, the use of regenerative medicine generates a lot of money.

The application of stem cells in regenerative therapies has increased their use in hematological and neurological conditions, as well as infertility, Crohn's disease, systemic lupus, and organ transplantation.

TARGET AUDIENCE

- Researchers
- Clinicians
- Industrial representative
- Healthcare Researchers
- Ph.D Students
- Physicians
- Nurses
- Midwives
- Pharmacists
- Allied Health Professionals
- Industrialist

WHO SHOULD ATTEND

- Gynecologists
- Radiologists
- Students Researchers
- Inventers and Professors
- Physicians
- Healthcare Researchers
- Medical Colleges
- Healthcare Associations and
- Societies
- Business Entrepreneurs
- Training Institutes
- Oncologists
- Software developing companies
- Healthcare Faculty

WHY TO ATTEND

With STEM CELLS 2023, oral presentations, posters, seminars, and numerous interactive sessions offered by keynote speakers who shed light on the topic of stem cell research and therapies are all included. In order to develop the field of stem cell research, this conference is focused on showcasing the most cutting-edge methods of treatment. Our mission is to provide an excellent curriculum that covers the whole range of research and advances in tissue engineering care and shares the cross-cultural experiences of diverse treatment methods.

- Influential keynote speaker session
- 5+ Workshops
- 13 Interactive sessions based on evidence from 50+ Speaker
- Faculty across 2 full days
- A mix of academic and healthcare delegations
- Interaction

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR
$10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR
$7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR
$5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

EDITORIAL BOARD MEMBERS

Qingdi Quentin Li
National Institutes of Health, USA

Alireza Heidari
California South University, USA

Martha C Stark
Harvard Medical School, USA

Kishore Kumar Jella
Winship Cancer Institute of Emory University, USA

Raghu R
University of Iowa, USA

Robert H. Hilgers
Campbell University, US

Kexin Liu
Dalian Medical University, China

Wei Wu
Nanjing Medical University, China

Jing Xiao
Capital Normal University, China

Diego Liberati
Dipartimento di Elettronica, Italy

SUPORTING JOURNALS

Selected contributions will be published in following supporting international Journals:

Journal of clinical genetics and genomics
https://www.pulsus.com/journal-clinical-genetics-genomics.html

DNA Sequencing Technologies
https://www.pulsus.com/medical-journal-articles/dna-sequencing-technologies-online-journals-7967.html

CONFERENCE AGENDA/ TENTATIVE PROGRAM

OCTOBER 16, 2023- MONDAY	
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Stem cell investigations
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Advances in Embryonic Stem Cells | breakthroughs of Germline Stem cells
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Tissue-Specific Stem Cells | Evolution in Stem Cell Transplantation
OCTOBER 17, 2023- TUESDAY	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Regenerative Stem Cells Therapy
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Developments in Tissue Engineering | Advances in Stem Cell Differentiation
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Research in Disease and stem cell treatment
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Stem Cell Banking | Innovation Cell Know-How
OCTOBER 18, 2023- WEDNESDAY	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Advance In Stem Cells and Niches | Cell Signaling and Development
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Genome Reprogramming | Improvements in Epigenetics

ABOUT VENUE

Paris is the capital and largest city of France. In a northern bend of the Seine in north-central France, the two islands Île Saint-Louis and the larger Île de la Cité make up the oldest part of Paris. The normal oceanic climate of Western Europe is affected by the North Atlantic Current in Paris. All year long, the climate is pleasant and moderately humid. Paris has long been one of Europe's primary centres for commerce, diplomacy, fashion, science, and the arts. Among the most visited sites in downtown Paris are The Louvre, Sainte-Chapelle, and Notre-Dame Cathedral. On the left bank, southwest of the city, lie Les Invalides, home to Napoleon's grave, and the Eiffel Tower. Paris has drawn artists from all over the world for centuries, who flock to the city to train and find inspiration in its extensive collection of creative resources and galleries. As a result, Paris earned the moniker "City of Art." Particularly in sculpture and reliefs, Italian painters had a significant impact on the growth of art in Paris in the 16th and 17th century. During the French Baroque and Classical eras, when painting and sculpture were the glory of the French monarchy, the French royal family hired several Parisian painters to beautify their palaces.

Abstract submission opens: March 20, 2023 | **Registration opens:** March 20, 2023
Early bird registration: August 01, 2023 | **On spot registration:** October 16, 2023
