Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Tokyo is all set for an amazing event as PULSUS proudly presents the "**International Conference on Stem Cells & Regenerative Medicine"** slated on **November 06-07, 2019** at **Tokyo, Japan**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Stem Cells professionals from around the world to participate in the upcoming **Stem Cells 2019**. The meeting for this year will revolve around the theme "**Novel Techniques in Stem Cells and Regenerative Medicine**" thus relaying the most cutting edge findings in the field of Stem Cells. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Stem Cells 2019
Organizing Committee

Conference Highlights

- Stem Cell Biology & Epigenetics
- Stem Cells Niche
- Stem Cell Markers
- Stem Cell Therapy
- Stem Cell Transplantation
- Stem Cell & Nanotechnology
- Regenerative Treatment Models
- Targeted Drug Delivery
- Therapeutic Cloning
- Stem Cell Culture & Bioprocess
- Bio banking
- Tissue Regeneration using Nanotechnology
- Ageing-Stem Cell Connection
- Stem Cells in Treatment of Autoimmune Diseases
- Stem Cells & Diabetes
- Regenerative Medicine
- Rare Disorder Treatment
- Scaffolds in Regenerative Medicine
- Stem Cell Apoptosis
- Ethical Issues
- Novel Stem Cell Technology
- Stem Cells & its Application in Future

Agenda

November 06, 2019 - Wednesday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Stem Cell Biology & Epigenetics | Stem Cells Niche | Stem Cell Markers | Stem Cell Therapy
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Stem Cell Transplantation | Stem Cell & Nanotechnology | Regenerative Treatment Models | Targeted Drug Delivery
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Therapeutic Cloning | Stem Cell Culture and Bioprocess | Bio Banking | Tissue Regeneration using Nanotechnology

Tentative

November 07, 2019 – Thursday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Ageing - Stem Cell Connection | Stem Cells in Treatment of Autoimmune Diseases | Stem Cells & Diabetes | Regenerative Medicine
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Rare Disorder Treatment | Scaffolds in Regenerative Medicine | Stem Cell Apoptosis
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Ethical Issues | Novel Stem Cell Technology | Stem Cells and its Application in Future
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

Tokyo, Japan's busy capital, has a population of more than 13.8 million in 2188km2; It mixes both the ultramodern and the traditional, from modern neon – lit skyscrapers to ancient historic temples. As of 2018, Tokyo is ranked as the most populous metropolitan area in the world and ranked as 2nd most expensive city of expatriates according to the Mercer consulting firm and also the world's 11th most expensive city according to the cost-of-living survey conducted by Economist Intelligence Unit . Tokyo was named the Most Liveable City in the world by the magazine Monocle; it was ranked first out of all sixty cities in the 2017 Safe Cities Index and the QS Based Student cities ranked Tokyo as the 3rd Best City in the world to be a university student in 2016 and 2nd in 2018. It is house of different organizations such as FAO, IAEA, ITTO, NPFC and many more. Moreover, Tokyo will host the 2019 Rugby World Cup, the 2020 Summer Olympics and the 2020 Summer Paralympics.

Hosted by PULSUS
