6th International Conference on

NEURODEGENERATIVE DISORDERS AND STROKE

JULY 5-6, 2018 | VIENNA, AUSTRIA

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Vienna is all set for an amazing event as PULSUS proudly presents the "**6th International Conference on Neurodegenerative Disorders & Stroke 2018** " on **July 5-6, 2018 | Vienna, Austria.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Neurology from around the world to participate in the up -and -coming Stroke 2018. The meeting for this year will revolve around the theme "Melioration in Innovations with advancement in Neurodegenerative disorders and Stroke" thus relaying the most cutting edge findings in the field of Stroke and Neurodegenerative Disorders Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Stroke 2018

Conference Highlights

- Stroke
- Dementia
- Neurosurgical Aspects
- Neuro oncology
- Management of Stroke
- Stroke and Mental Health
- Neurodiagnosis and Imaging Techniques
- Behavioural Sciences
- Risk Assessment and Prevention of Stroke
- Neurodegenerative disorders
- Stroke Rehabilitation & Recovery
- Neurological Nursing & Clinical Training
- Therapeutics approaches of Neurological Disorders
- Clinical Trials & Case Reports

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

NEUROLOGICAL DISORDERS

General Info: Neurological disorders, ranging from epilepsy to Alzheimer disease, from stroke to headache, affecting most of the people who are still under treatment and rehabilitation in Europe.

Neurological diseases are the diseases of the spines, brain and nerves that connect them. More than 600 diseases of nervous system are there such as Alzheimer's disease, Parkinson's disease, brain tumors, epilepsy etc.

Approximately one in six of the world's population i.e around Up to 1 billion people, suffer from neurological disorders, from Alzheimer and Parkinson disease, strokes, multiple sclerosis and epilepsy to migraine, brain injuries and neuroinfections.

In Czech Republic neurological disorders are the deadliest causes of harm overall that accounts to 6.3% of total population and with a total of 7043.2 mortality rate.

Present Scenario: Global statistics shows that 50 million people are suffering from epilepsy, 62 million from cerebrovascular disease, 326 million from migraine, and 24 million from Alzheimer disease and other dementias.

About City

Vienna lies in the country's east on the Danube River i.e. Austria's capital. Its artistic and intellectual legacy was nicely given shape by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the Museums Quartier district, historic and contemporary buildings display work by Egon Schiele, Gustav Klimt and other artists.

Vienna, also described as Europe's cultural capital, is a metropolis with unique charm, vibrancy and flair. It has outstanding infrastructure like museums and galleries of international reputation, has all the inspiration that you could wish for in order to discover this wonderful part of Europe and is clean and safe.

There are lots of places to visit in Vienna and some of those are Museums including Art and Speciality museums, historic sites, monuments and statues, nature and parks, churches and cathedrals and religious sites. Vienna is also known as "the city of dreams" & "the city of music" making it a large attraction for tourists whole around the world. And Vienna is the only capital to produce its own wine. Vineyards within the city limits produce incredible wine for the country, making it dear tradition for people during spring.

Target Audience

- Neurologists and Researchers
- Neurology Faculty and Students
- Doctors and Scientists
- Universities, Associations and Societies
- Students and Research Scholars
