INTERNATIONAL CONFERENCE ON

SURGERY AND ADVANCED SURGICAL TECHNIQUES

OCTOBER 09-11, 2023 | PARIS, FRANCE

https://surgery.cmesociety.com/

INVITATION

SURGERY 2023

Greetings from Surgery 2023!

We cordially invite speakers, attendees, sponsors, and exhibitors from around the world to participate in the upcoming **International Conference on Surgery and Advanced Surgical Techniques** to be held on **October 09-11, 2023** in **Paris, France**.

The theme of our conference is "**Advancing Technology in Surgery to Shape the Future of Medicine**"

As we come together to exchange knowledge, ideas, and perspectives, we hope that Surgery 2023 will provide a dynamic platform for learning, growth, and connection.

Through engaging keynote presentations, interactive discussions, and networking, Surgery 2023 aims to inspire collaboration, foster innovation, and promote excellence in surgery and medicine.

Surgery Conference 2023 is an excellent opportunity to develop your knowledge, build your network, and contribute to surgery advancements. Together, we can push the boundaries of what is possible and make a significant impact on the future of surgery.

Attend the conference to stay up to date on surgery developments.

We look forward to meeting you in Paris, France.

Regards

Steve Rogers | Program director

Surgery 2023

CONFERENCE HIGHLIGHTS

- General surgery
- Anesthesia
- Cardiac Surgery
- Neuro Surgery
- Thoracic Surgery
- Laparoscopic Surgery
- Endoscopic surgery
- Orthopedic surgery
- laser Surgery
- Ocular Surgery
- Gynecology surgery
- Bariatric surgery
- Surgical Oncology
- Transplantation surgery
- Pediatric Surgery
- vascular Surgery
- Plastic Surgery
- Otorhinolaryngology Surgery
- Acute Care Surgery
- Remote Surgery
- Oral and Maxillofacial Surgery
- Endocrine surgery
- Robotic-assisted surgery
- Magnetic surgery
- Surgical devices
- Surgical infection
- Surgical wound management
- Surgical scar and skin treatment
- Surgery and trauma care
- Advancements in Surgery

35

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The global market for general surgery devices is expected to grow at a CAGR of 8.29% from 2022 to 2030, driven by rising patient awareness and technological advancements. Orthopedic surgery holds the largest market share in 2021, followed by cardiology due to increasing cardiovascular disorders. Hospitals dominate the market with over 58.85% of overall revenue. North America generated the most revenue in 2021, contributing over 39.90% of the total revenue. The market for general surgical devices in Europe is expected to expand at a CAGR of approximately 6.1% during the forecast period, with France leading the market with a value of €15.7 billion in 2019. The French market is expanding due to rising demand for minimally invasive devices and increasing healthcare costs. Handheld surgery instruments are in demand in France as surgical procedures increase. French companies are developing cutting-edge medical technologies and devices.

TARGET AUDIENCE

- Surgeons
- Medical professionals
- Anaesthesiologists
- Medical students
- Fellowship holders
- Physician assistants
- Surgical technicians
- Nurses
- Pharmaceutical industries
- Dentists
- Cardiologists

WHO SHOULD ATTEND

- Research scientists
- Nurses and Technicians
- Medical Students
- Industry representatives
- Ophthalmologists
- Surgical tool technicians
- Radiologists
- Otolaryngologists
- Dieticians
- Radiation Oncologists
- Pediatricians, Speech therapists
- Pathologists
- Clinical Nurse specialists
- socities

WHY TO ATTEND

Surgery2023 is a premier conference that brings together surgeons, residents, nurses, researchers, and industry representatives in the field of surgery. The conference offers a comprehensive program of workshops, seminars, and educational sessions on a wide range of topics related to surgery. Our conference provides a unique opportunity to gain exposure to new ideas and emerging trends in the field of surgery. Attendees can learn from experts in the field and gain insights into the latest techniques and treatments. objectives of our conference Ideas are being swapped at this conference. This is an incredible opportunity for you to present your thoughts and impart your extensive knowledge.

- Influential keynote speaker session
- Faculty across 3 full days
- A mix of academic and healthcare delegations
- Interaction

https://surgery.cmesociety.com/scientific-program

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

ABOUT VENUE

Paris is the capital city of France and is located in the northern part of the country. It is a major center for business, culture, fashion, and tourism. Paris is known for its iconic landmarks such as the Eiffel Tower, Notre-Dame Cathedral, and the Louvre Museum, which houses the famous Mona Lisa painting. Paris is home to some of the best medical facilities and healthcare professionals in the world. The city is renowned for its exceptional medical care and cutting-edge research, particularly in the fields of oncology, cardiology, and neurology.

Cultural Diversity:

Paris is a city known for its cultural diversity, with people from all over the world calling it home. This diversity is reflected in the city's cuisine, fashion, art, music, and language. Visitors to Paris can experience a variety of cultural influences, including African, Asian, Middle Eastern, and European. Overall, Paris is a vibrant and diverse city that celebrates and embraces its cultural richness.

Climate:

Paris has a temperate oceanic climate with mild winters and moderately warm summers. The average temperature in January, the coldest month, is around 5°C (41°F), while in July, the warmest month, the average temperature is around 20°C (68°F)

Currency and transportation:

The currency used in Paris and throughout France is the Euro (EUR). It is recommended to exchange currency at a bank or exchange office rather than at hotels or airports. Paris has a well-developed public transportation system that includes buses, metro lines, and regional trains. The metro is the most popular form of public transportation.

City of attractions:

Paris is known for its world-renowned attractions, including the iconic Eiffel Tower, the historic Louvre Museum, and the stunning Palace of Versailles. Other notable sites include the Arc de Triomphe, Notre Dame Cathedral, Montmartre, and the Champs-Elysees. Visitors can also enjoy the charming neighborhoods of the Marais and Saint-Germain-des-Preps, as well as the vibrant nightlife scene.

Abstract submission opens: March 01, 2023 | **Registration opens:** March 01, 2023
Early bird registration: April 30, 2023 | **On spot registration:** October 09, 2023
