Market Analysis

Sustainable Development is a field of Environmental Studies and Earth Sciences that focuses on resolving challenges of ecology, biodiversity, and conservation by maximising the natural resources that the Earth already possesses. The Sustainable Development Report 2021 (SDR2021) presents data on countries' performance against the SDGs. It includes the sixth edition of the global SDG Index and Dashboards. It is not an official SDG monitoring tool, but instead complements efforts conducted by national statistical offices and international organizations to collect and standardize SDG indicators.SDR2021 presents the most up-to date data available using both official data sources (United Nations, World Bank) and non-official data sources (research institutions and non-governmental organizations) Latin American and Caribbean countries perform best on SDG 7 (Affordable and Clean Energy), but they face major challenges on several other SDGs

Rome, Italy

Rome is the capital of Italy and also serves as the capital of the Lazio region. it is also the country's most populated commune. It is the fourth-most populous city in the European Union by population within city limits. Rome is the only city in the world that has another country inside it. Vatican City is the smallest independent state in the world covering an area of just 44 hectares; nestled right in the heart of Rome. Has a population of just over 800, its army, its currency, and its own post office.

Rome today is one of the most important tourist destinations of the world, due to its archaeological and artistic treasures, as well as for the charm of its unique traditions, the beauty of its panoramic views.

The economy of Rome is characterized by the absence of heavy industry, but commercial activities especially banking and the development of tourism are extremely important to its economy. Universities, national radio, and television, and the movie industry in Rome are also important parts of the economy. Rome hosts major international and worldwide political and cultural organizations, such as the International Fund for Agricultural Development (IFAD), World Food Programme (WFP), Food and Agricultural Organization (FAO).
