PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Amsterdamis all set for an amazing event as PULSUS proudly presents the "Annual Congress on Advanced Tissue Science and Regenerative Medicine " slated on April 15-16, 2019 at Amsterdam, Netherlands.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Tissue Science professionals from around the world to participate in the upcoming Tissue Science 2019. The meeting for this year will revolve around the theme "**Discover the Advancements in Tissue Science and Regenerative Medicine**" thus relaying the most cutting edge findings in the field of Tissue Science. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

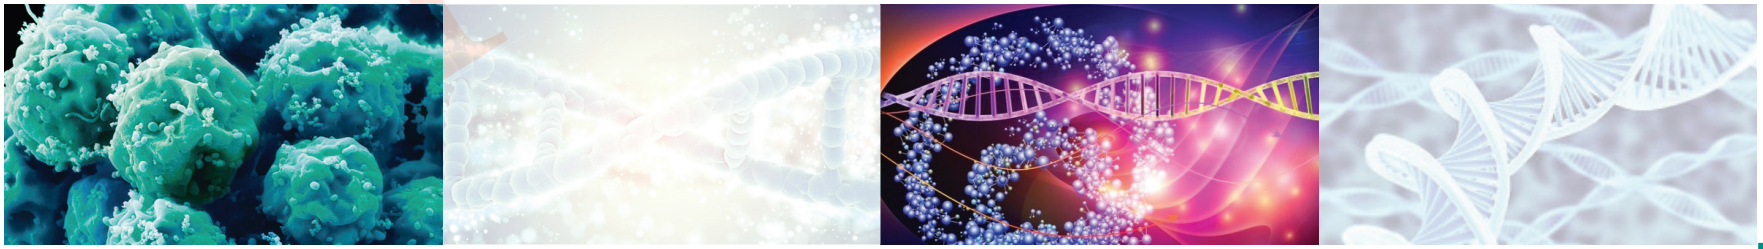

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Tissue Science, a fastest Emerging topic experiences a regional growth that can be attributed to existence of massive man power, technologically advanced procedures along with government funding. Offering opportunity to go to the presentations conveyed by eminent experts from everywhere throughout the world.Participating in Tissue Science 2019 gives an approach to meet, cooperate with, and make contacts with different specialists in your claim to fame region. Most meetings will have creators, analysts, or clinicians who are perceived specialists in the field. The Regenerative medicine market is broadly classified into types, therapy, application and regions. Based on therapy, the market is segmented into cell therapy, gene therapy, tissue engineering, and immunotherapy. Immunotherapy is the fastest growing segment in the global market, during the forecast period. This market is also segmented by application. By application, the segments are orthopaedic & musculoskeletal disorders, dermatology, cardiology, diabetes, central nervous system diseases, and other applications.

Target Audience

- Tissue Scientists
- Stem cell researcher
- Organ Transplant Specialists
- Research faculty
- Academic Scientists
- Medical Colleges
- Doctors
- Students
- Business Entrepreneurs
- Industry professionals
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Diagnostic laboratory professionals
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

Who should attend?

- Tissue Scientists
- Prosthetic Surgeons
- Stem cell researchers
- Medical and Healthcare Professionals to Exchange Ideas
- Knowledge and Networking at its 100+ International Conferences

Why to attend?

- Tissue Science Conferences provide an International platform forsharing information and ideas and keeps on updating about thelatest innovations and advancements in Tissue Science and Regenerative Medicine. Opportunity to attend the presentations; delivered by Proficient Scientists from all over the world.

Amsterdam is the Netherlands' capital. It has a population of about 851,373 within the city proper, and 1,351,587 in the urban area and 2,410,960 in the Amsterdam metropolitan area. Amsterdam's the name derives from Amsterdam the city's origin as a dam of the river Amstel. Originating as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world during the Dutch Golden Age a result of its innovative developments in trade. The 17th-century canals of Amsterdam and the 19–20th century Defence Line of Amsterdam are on the UNESCO World Heritage List. Amsterdam was ranked the second-best city in which to live by the Economist Intelligence Unit and 12th globally on quality of living for environment and infrastructure by Mercer. Amsterdam's main attractions, including its historic canals, the Rijksmuseum, the Van Gogh Museum, Stedelijk Museum, Hermitage Amsterdam, Anne Frank House, Amsterdam Museum and its many cannabis coffee shops draw more than 5 million international visitors annually.
