Invitation

Pulsus Group is glad to announce, **6th International Conference on Cardiology and Vascular Biology** (Vascular Biology 2019) which is going to be held during on **November 11-12, 2019** at **London, UK**, organized around the theme "Unravelling the plights in the field of cardiology & vascular medicine". Vascular Biology 2019 has many interactive scientific sessions which will aid in exploring cardiology or vascular medicine and will definitely provide an exuberant opportunity for the budding scientists and young researchers to enhance their skills in the field. Vascular Biology 2019 is an initiative to unite researchers, practitioners, healthcare professionals and other business communities in the field to explore cardiology or vascular medicine.

Conference Highlights

- Vascular Biology and Vascular Surgery
- Fundamentals of Cardiology
- Vascular Forms
- Cardiology Forms
- Congenital Heart Defects
- Vascular Diseases
- Cardiovascular Diseases
- Diseases: Diagnostic & Therapeutic Approaches
- Pediatric Vascular Anomalies
- Endovascular Interventions
- Clinical Trials
- Genetics and Vascular Transcriptomics
- Cardiac & Vascular Imaging
- Vascular Pharma
- Alternative Medicine
- Cardiology – The Future Medicine
- Research Advancements

Tentative Agenda

November 11, 2019 Monday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Vascular Biology and Vascular Surgery | Vascular Diseases | Cardio-Vascular Diseases | Vascular Diseases: Diagnostic and Therapeutic Approaches
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Fundamentals of Cardiology | Genetics and Vascular Transcriptomics | Cardiology Forms
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Vascular Bioengineering | Vascular Oncology | Endovascular Interventions

November 12, 2019 Tuesday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Clinical Trials and advancements in field | Vascular Immunology | Vascular Pharma | Cardiology-The Future Medicine
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Paediatric Vascular anomalies | Vascular Radiology | Researches and Advances in Cardiology
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Vascular Neurology | Alternative Medicine
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

The capital of England and the United Kingdom is London. London is often regarded as a world cultural capital and the main worldwide city. The world's largest financial centre is London that serves as home to more than 8.6 million people. The world's most-visited & leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. London has protracted, developed and accessible modes of transportation. The most popular tourist icons of the city are the 150-year-old Big Ben Clock Tower, Tower bridge, British museum, Buckingham Palace, London Eye, St Pauls Cathedral, Palace of Westminster, Westminster Abbey. The ambience and aura of the city is still not replaceable. The panoramic views of the South Bank cultural complex is the London Eye observation wheel which is standing on the River Thames. It has various series of names such as Londonium, Ludenwic, and Ludenburg. There are more than 300 types of languages are spoken in London. It has the world's largest city airport system and the most visited city as measured by the international arrivals. Hence, London plays a major role among the most populous cities of England and United Kingdom.
