# GLOBAL CONFERENCE ON VASCULAR SURGERY AND VASCULAR DISEASES

MARCH 21-22, 2024 | PARIS, FRANCE

https://vascularsurgery.cmesociety.com/

# INVITATION

## VASCULAR SURGERY 2024

**Greetings!**

We are pleased to extend our esteemed invitation to you for the **Global Conference on Vascular Surgery and Vascular Diseases**, scheduled to be held from **March 21 - 22, 2024**, in the enchanting city of **Paris, France**.

Our conference theme, "**Unveiling Horizons: Exploring Innovations in Vascular Care**," promises to be a beacon of enlightenment, offering a gateway to unprecedented discoveries and advancements in the realm of vascular surgery and vascular diseases.

Vascular Surgery 2024 serves as an international platform, bringing together luminaries, distinguished scientists, healthcare trailblazers, and dedicated researchers from around the world. It's an occasion for affiliated organizations to showcase their latest breakthroughs and gain the recognition they rightfully deserve.

The conference program is meticulously curated to encompass illuminating plenary sessions, captivating oral and poster presentations by revered experts, and spirited discussions. Your participation will undoubtedly empower you with the most up-to-date knowledge and trends in the field of vascular care.

Vascular Surgery 2024 is a convergence point for thought leaders, distinguished physicians, visionary researchers, and esteemed university professors. Expect a riveting array of lectures, comprehensive presentations, enlightening exhibitions, and much more.

As the program evolves, we guarantee it will be tailored to elevate the expertise of vascular professionals like yourself. Furthermore, the networking prospects are poised to be exceptional, allowing you to cultivate invaluable connections with industry titans and luminaries in the field of vascular care.

We eagerly anticipate your presence at Vascular Surgery 2024 in the enchanting city of Paris. Join us in encountering renowned figures from both industry and science, forging enduring scientific networks, and collectively charting new pathways toward a superior world of vascular health.

Sincerely

Larisa John | Program Director

## ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

# MARKET ANALYSIS

The market for vascular surgery and related procedures is a prominent and global presence in the medical field. This market is segmented based on a variety of procedures, including aneurysm repair, peripheral bypass surgery, carotid angioplasty and stenting, carotid endarterectomy, dialysis access surgery, endovascular repair, stent graft, thromboendarterectomy, thrombolytic therapy, and varicose vein treatment. These procedures find application in a wide range of healthcare settings, including government hospitals, private hospitals, surgical clinics, academic institutions, and research centers. As of 2021, the vascular graft market in the United States was estimated to be worth USD 1.7 billion. Projections indicate that from 2022 to 2030, it is expected to experience a compound annual growth rate (CAGR) of 7.0%. Notably, over 2 million individuals globally receive dialysis treatment, underscoring the demand for vascular access solutions. Moreover, statistics suggest that approximately 3 million Americans are living with Chronic Kidney Disease (CKD), with a total of 37 million Americans affected by the condition.

# ABOUT VENUE

Paris, France - A City of Culture, History, and Convenience

Paris, often referred to as the “City of Love” and the “City of Light,” is the capital and largest city of France, nestled in the heart of Western Europe. It is a cultural and historical treasure trove, boasting a modern infrastructure that caters to large gatherings and conferences, making it an ideal meeting point for attendees from across the globe.

**Cultural Richness:** Paris is celebrated for its cultural diversity, making it a melting pot of art, fashion, gastronomy, and history. The city’s official language is French, but English is widely spoken, especially in the tourism and business sectors, ensuring ease of communication for international visitors.

**Historical Marvels:** Paris is home to some of the world’s most iconic landmarks. The Eiffel Tower, an engineering marvel, stands tall as a symbol of the city. The Louvre Museum houses a staggering collection of art, including the enigmatic Mona Lisa. Notre-Dame Cathedral’s stunning Gothic architecture leaves visitors in awe. The historic district of Le Marais, with its charming cobblestone streets, is a testament to the city’s rich history.

**Climate:** Paris enjoys a temperate climate with distinct seasons. Summers are warm and pleasant, with temperatures often reaching 25°C (77°F). September offers pleasant weather with average temperatures around 17°C (63°F), making it an ideal time to explore the city. Evenings are cooler, so a light jacket or sweater is recommended.

**Currency & Transportation:** The official currency is the Euro (EUR), available in various denominations of banknotes and coins. Paris boasts an efficient public transportation system, including buses, trams, and an extensive metro network. The Velib bike-sharing program allows you to conveniently explore the city on two wheels.

**City of Attractions:** Paris offers an endless array of attractions. The charming Montmartre district offers breathtaking views of the city from the steps of the Sacré-Cœur Basilica. The Seine River weaves through the city, and a scenic boat cruise provides a unique perspective of landmarks like the Musée d’Orsay and the Louvre. The Latin Quarter’s narrow streets are alive with history, while the Palace of Versailles, a short train ride away, dazzles with its opulence.

**Culinary Delights:** Paris is a culinary paradise, with world-renowned cafes, patisseries, and bistros. Savor croissants, escargot, coq au vin, and delectable pastries at charming sidewalk cafes.

**Abstract submission opens:** September 01, 2023 | **Registration opens:** September 15, 2023
**Early bird registration:** December 24, 2023 | **On spot registration:** March 21, 2024
