PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders with pioneers across the globe. Ireland is all set for an amazing event as PULSUS proudly presents the "3rd World Congress on Veterinary Medicine" slated on April 25-26, 2022 at Dubai, UAE.

Pulsus cordially welcome veterinarians, Veterinary Technicians, Veterinary Clinic Teams, Researchers and Specialists, Veterinary nurses, Veterinary faculty & Students, Veterinary societies, Veterinary associations from around the world to participate in the upcoming Veterinary Medicine 2022. The meeting for this year will revolve around the theme "**Imagining future by embracing change & transformation in Veterinary**" thus relaying the most cutting edge findings in the field of Veterinary Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Veterinary Medicine 2022
Organizing Committee

Conference Highlights

- Anaesthesia, Analgesia & Pain management
- Animal welfare & Behavioral medicine
- Clinicalpharmacology
- Animaltoxicology
- Dentistry
- Dermatology
- Emergency and Critical care
- Internal medicine
- Laboratory animal medicine
- Microbiology
- Nutrition & Meat science
- Ophthalmology
- Pathology
- Poultry & Dairy Practice
- Preventive medicine
- Surgery & rediology
- Avian Practice
- Beef cattle practice
- Canine & Feline practice
- Equine practice
- Animalforensics
- Veterinary modelsTesting
- Aquaculture & Many more

About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from the USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in on-going conversations about the value of diversity in the communities we serve.

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Now days the global Animal Health market is increasing predominantly and there is no doubt that the market will increase nearly 5 billion USD from 2017-2022, enhancing at a CAGR of more than 3.5% during the forecast time. This growth in the global market will be evidence to raising awareness of Animal health among pet owners and animal farmers, which is main reason to better and safe animal care. Increasing risks of zoonotic diseases have also increased the pharmaceutical sectors to invent and develop highly advanced vaccines for animals along with implementation of highly nutrient food and supplements for animals which may also increase the health and immune of the animals, which in turn is enhancing the Animal health market. Awareness program are performed by various organizations by educating people about the risk of zoonotic diseases.Many veterinary clinics, veterinary hospitals, and research institutes are conducting diagnostics on pet animals and livestock to identify the spread of such diseases and found that the market for animal health diagnostics will grow over 1 billion USD by2022.

The animal diagnostics will lead to positive growth in market during 2018-2022. There is a huge demand for animal vaccines for major animal diseases like bovine tuberculosis, brucellosis, anthrax, and leptospirosis where on other side there is also demand for vaccines for aquatic, poultry and companion animals.

Target Audience

- Veterinarians
- VeterinaryTechnicians
- Veterinary ClinicTeams
- Researchers andSpecialists
- VeterinaryFaculty
- Veterinary MedicineFaculty
- Animal SciencesFaculty
- VeterinaryStudents
- Animal ScienceStudents
- VeterinaryNurse
- VeterinaryGroups
- VeterinarySocieties
- VeterinaryAssociations
- Animal HealthCompanies

Why to attend?

- Humans are mainly dependent on animals for food, service, and companionship. This animal health conference mainly focuses on growth taking place in the veterinary field. Animal health plays a major role in biomedical research, wildlife, care of companion animals, ecosystem management, agricultural systems, food and public health.
- Join us to show case your innovative research to gain competitive benefits. Explore your services &products by meeting your targeted audiences.
- Learning In a New Space
- To Meet Experts
- Global Networking
- New Tips &Tactics
- Rebuild Customer Base
- Certification
- Brand Establishment
