4TH WORLD CONGRESS ON

VETERINARY MEDICINE AND ANIMAL CARE

DECEMBER 09-10, 2022 | DUBAI, UAE

https://veterinarymedicine.pulsusconference.com/

INVITATION

VETERINARY MEDICINE 2022

On behalf of our scientific & international committee, we welcome all the veterinary researchers, veterinary surgeons, veterinary professors, academicians, young researchers, scientists & all the emerging pillars of the veterinary field for the "**4th World Congress on Veterinary medicine & Animal care**" on **December 09-10, 2022** in **Dubai, UAE** for the study of animal health and veterinary medicine.

Veterinary medicine 2022 promises to be a long-lasting event that will bring together speakers and delegates from all around the world. Over 500 people are expected to attend, including international luminaries at the forefront of the field who will present the latest cutting-edge developments in fundamental veterinary medicine research. We've planned scientific presentations around a variety of current and cutting-edge topics, as well as seminars and networking opportunities to encourage interaction. This is an opportunity to participate in one of the most important international veterinary medicine conferences, held in one of the world's leading scientific superpowers. Veterinary medicine 2022 can serve as a vital networking and intellectual gateway for industry, universities, healthcare suppliers, and independent research organizations. The event is open to young investigators, physicians, scientists, researchers, trade partners, and policy activists.

Looking forward to seeing you in December 2022.

Regards
Jessica Lois | Veterinary Medicine 2022

WHY TO ATTEND

Humans are mainly dependent on animals for food, service, and companionship. In this new era, animals play a vital part in research in which diseases are diagnosed and pharmaceutical therapies are invented. This Veterinary Medicine conference mainly focuses on growth taking place in the veterinary field. Animal health plays a major role in biomedical research, wildlife, care of companion animals, ecosystem management, agricultural systems, food, and public health.

ABOUT VENUE

In the United Arab Emirates, Dubai is the most populous city. It is one of the seven emirates that make up the country, and it is situated on the Persian Gulf's southeast coast. The emirate's northern shore is home to Dubai, which serves as the hub of the Dubai-Sharjah-Ajman metropolitan area. Dubai has established itself as the Middle East's global city and business hub. It serves as a major passenger and cargo transportation hub. By the 1960s, Dubai's economy had been built on trade and, to a lesser extent, oil exploration concessions, but oil wasn't discovered until 1966. Oil money began to flow in 1969. Oil revenues supported Dubai's early development, but reserves are limited, and production levels are low: oil money provides for less than 5% of the emirate's overall revenue. The emirate's economy, which is centered on a Western-style corporate model, currently relies heavily on tourism, aviation, real estate, and financial services. Due to a spate of innovative large-scale building projects and sporting events, Dubai has recently attracted international notice.

The city's skyscrapers and high-rise buildings have become iconic, particularly the world's tallest building, the Burj Khalifa. Dubai offers world-class education as well as numerous work prospects. American University in Dubai, Hult International Business School, Al Ghurair University, The American College of Dubai, the University of Wollongong in Dubai, and British University in Dubai are the most well-known universities in Dubai, offering courses in Business Administration, Engineering, Architecture, and Interior Design.
