Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders or rub elbows with pioneers across the globe. Edinburgh is all set for an amazing event as PULSUS proudly presents the "**3rd International Conference on Contagious Diseases"** slated on **February 18-19, 2022** at **Rome, Italy.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Laboratory Medicine from around the world to participate in the upcoming WCCD Summit 2022. The meeting for this year will revolve around the theme "**Novel Strategies for surveillance against combating against Contagious Diseases**" thus relaying the most cutting-edge findings in the field of Laboratory Medicine. The two-day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
WCCD Summit 2022
Organizing Committee

13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Infection Control | Vaccine research | Importance of disease control program
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

Rome is the capital city of Italy. The city has been a major human settlement for almost three millennium. With 2,860,009 residents in 1,285 km2 (496.1 sq mi). it is also the country's most populated commune. It is the third most populous city in the European Union by population within city limits. It is the Centre of the Metropolitan City of Rome, which has a population of 4,355,725 residents, thus making it the most populous metropolitan city in Italy. Rome is located in the central-western portion of the Italian Peninsula, within Lazio (Latium), along the shores of the Tiber. Vatican City (the smallest country in the world) an independent country inside the city boundaries of Rome, the only existing example of a country within a city; for this reason, Rome has sometimes been described as the capital of two states.
