Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Nurses' help patients cope with illness and overcome it. They have a unique scope of practice and can practice independently, although they also collaborate with all members of the health care team to provide the care needed by each patient as an individual. Nurses advocate for their patients and patients' families by the development and management of nursing care plans and instruct patients and their families. As educators, they help whole communities by teaching individuals and groups how to take steps to improve or maintain their health. Nursing renders a wide range of employment opportunities including probationary practitioners to doctoral-level researchers. Nurses are hands-on health professionals who provide focused and highly personalized care. They are also in demand—employment of registered nurses is projected to grow 16% from 2014 to 2024, much faster than the average for all occupations, according to the Bureau of Labor Statistics.

About City and Venue

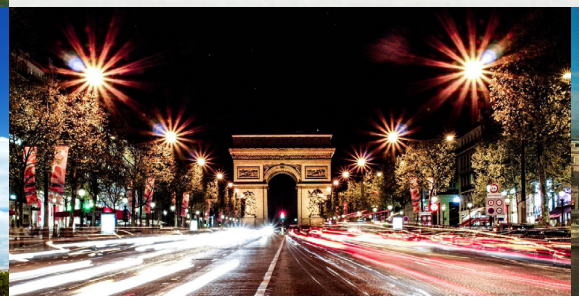

PULSUS
WWW.PULSUSCONFERENCE.COM

Paris was founded in the 3rd century BC and was previously called Lutetia. According to some, Lutetia was located in present-day Nanterre. The residents called themselves “Parisii” and therefore gave the name “Paris” to Lutetia. In total, there are 38 cities called “Paris”across the world: from the United States to Sweden and even in Panama. The Pont Neuf is the oldest bridge in Paris. It was built in 1604. The Panthéon, or “temple of the Republic” as it is sometimes called, was originally a church called the Église Sainte-Geneviève, built in 1791. There’s a reason Paris is one of the most popular cities among travellers. Known as the “City of Light” or the “City of Love,” the streets of Paris overflow with culture, art, beauty, and history. Whether searching out Monet’s Water Lilies at Musée de l’Orangerie, climbing the many steps of Sacré-Cœur, standing before the Eiffel Tower in awe, or searching out the best crepes along the Seine, Paris is a city that captures the hearts of millions ever year.
