Rome, Italy

Rome, the “eternal city”, is so called because it is a place of great beauty, contrast and life. Rome is an ecletic city: the religious world centre of Catholic Church, the fabulous ruins of the centre of the Roman Empire, and modern, bustling Rome. All three seem incongruous, yet they live inside and beside each other with great ease. You will soon realise Rome was build to rule and dominate the world. Everything is on a massive scale, solid and “eternal”.

The historic centre of the city is a UNESCO World Heritage Site. With wonderful palaces, thousand-year-old churches, grand Romantic ruins, opulent monuments, ornate statues and graceful fountains, Rome has an immensely rich historical heritage and cosmopolitan atmosphere, making it one of Europe’s and the world’s most visited, famous, influential and beautiful capitals. Today, Rome has a growing nightlife scene and is also seen as a shopping heaven, being regarded as one of the fashion capitals of the world (some of Italy’s oldest jewelry and clothing establishments were founded in the city)
