About

After a huge success in hosting World Hematology 2018, Pulsus Group is proud to organize, "**11th World Hematology and Oncology Congress**" (World Hematology 2019) which is scheduled to be held during **July 24-25, 2019** at **Rome, Italy** around the theme **"Transpiring enigmas in Hematology and Oncology".**

World Hematology 2019 has many interactive scientific sessions on different types of Blood disorders and Cancers as well as various diagnostic and therapeutic advancements in this field. It is an initiative to unite the diverse research and business communities working in this field under one roof to explore every single aspect of Oncology and Hematology. World Hematology 2019 will definitely provide a stimulating scientific environment and a platform for the participants to exchange ideas, establish research collaboration and networking. It will be an amazing opportunity for the attendees to explore the beautiful city, at the same time, helps to gain knowledge in the field of hematology which will surely help to raise insights, conflate present with future and cogitate ideas in Hematology and Oncology. To fight against the obstacles to cure cancers and blood diseases, World Hematology 2019 has taken this initiative to explore every aspect of Hematology research.

The conference is focussed on the following topics and sessions

- Advancements in Hematopoietic cell transplantation
- Anticipating the development of Paediatric Hematology/ Oncology
- Recent trends in diagnosing Hematology/ Oncology indications
- Emerging trends in Cancer Care
- Therapeutic advancements and many more….

Tourist Attractions

Venue

Rome, the capital city of Italy where our conference is about to be held is the most populated commune and is the 4th most populous city in Europe. Rome, a global city is the 14th most most-visited city in the world, 3rd most visited in the European Union and the most popular tourist attraction in Italy. July is warm with breezy nights and a plenty of outdoor night events at Rome where it would be wonderful to be outside in the late afternoon and evening with beautiful lights. With long, sunny, blue-sky days and a very little rain, Rome shows off the summer glow during July, attracting tourists. July is also a fantastic time to eat all those delicious summer fruits like peaches, apricots, plums and melons. Tomatoes are at their best in all shapes, sizes and even colors at this time. The summer sale starts during July where all the new fall fashions will begin to appear in stores.

Rome is also a major international centre for higher education, and it boasts for a large variety of colleges, universities and academies. Rome is also considered the 2nd most historically, educationally and culturally interesting city in the World. Italy also ranks number 2 on the World Health Organization's list for quality health services.
