Opening Ceremony
09:30-10:00

Day 1: March 2, 2020

Hall

Keynote Forum

Introduction 09:55-10:00

10:00-10:40 **Title: Optimal prophylactic schedule for FVIII therapy in children with hemophilia A**

Refreshments and Networking Break 10:40-11:00

Sessions: Hematologic oncology and Blood Cancers | Biomarkers in Hematology and Oncology | Hematology | Blood Transplantation | Oncology and Cancers | Blood Disorders | Hematology & Cancer Immunology | Pediatric Hematology and Oncology

Session Chair: TBA

11:00-11:30 **Title: Erythrocyte cAMP in determining frequency of acute pain episodes in sickle cell disease patients from Odisha, India**

11.30-12:00 **Title: Use of allogeneic hematopoietic stem cell transplantation as the first line of treatment in patients with severe aplastic anemia between 40 and 50 years**

12:00-12:30 **Title: Co-transplantation of bone marrow-derived mesenchymal stem cells with hematopoietic stem cells does not improve transplantation outcome in class III beta-thalassemia major**

12:30-13:00 **Title: Storage related haematological changes in *Plasmodium falciparum* infected and sickle cell trait donor blood**

Lunch Break 13:00-14:00

14:00-14:30 **Title: Associations between altered levels of VWF and ADAMTS13 and the pathogenesis of vaso-occlusive crisis in sickle cell anaemia: A longitudinal study**

14:30-15:00 **Title: Hemophilia A with inhibitors presenting with nephrotic syndrome: Causal or coincidental?**

15:00-15:30 **Title: Demographic pattern of chronic lymphocytic leukaemia in a tertiary hospital in Calabar, South-Nigeria**

15:30-16:00 **Title: Haemostatic disorders in sickle cell disease subjects in Nigeria: A review of literature**

Refreshments and Networking Break 16:00-16:20

Young Scientist Forum

16:20-16:40 **Title: Efficacy of oral versus intravenous antibiotics for in-patient management of low-risk febrile neutropenia in pediatric acute lymphoblastic leukemia – An open label randomized controlled trial**

16:40-17:00 **Title: Pulmonary functions in children with β-thalassemia major**

Day Concludes

Day 2: March 3, 2020

Hall

Sessions: Hematologic oncology and Blood Cancers | Hematology | Blood Disorders | Hematology & Cancer Immunology

Session Chair: TBA

10:00-10:30	**Title: Comparison of time frame critical for feed supplement on haematological indices of Azawak cattle in semi–arid zone of Niger Republic**
10:30-11:00	**Title: Study aiming to define and specify the BCR-ABL transcript types in moroccan CML patients**

Refreshments and Networking Break 11:00-11:20

11:20-11:50	**Ttile: First report of occult hepatitis B infection among ART naïve HIV seropositive individuals in Maputo, Mozambique**

Young Scientist Forum

11:50-12:10	**Title: Oxidative stress in children with acute lymphoblastic leukemia**

Poster Presentation @ 12:10-12:30

Poster Judges: TBA

WH_01	**Title: Two Hodgkin lymphoma homozygotic triplets displaying diverse DNA methylation profiles as compared to the third non-affected homozygotic triplet**
WH_02	**Title: Varied presentation of human herpes virus (HHV-6) infection in children following allogenic hematopoetic stem cell transplant (allo-HSCT)**
WH_03	**Title: Evaluation of twenty four discriminant indices for differentiating beta-thalassemia trait from iron deficiency anemia in Egyptians**
WH_04	**Title: Determining model for maximum blood request(MSBOS) for surgery: An elective surgery in Imam Ali Hospital, Zahedan, Iran**

Lunch Break 12:30-13:30

13:30-14:30	**B2B meetings & Panel discussions**

Awards & Closing Ceremony

Please note that this is a Tentative Program. Timings in this program may subject to change
