35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

Tentative Program

5th International Conference on

Wound Care, Tissue Repair and Regenerative Medicine

August 17-19, 2023 | Bangkok, Thailand

Wound Care and Regenerative Medicine 2023

Wound Care and Regenerative Medicine 2023

Thursday, August 17, 2023 | Day 1

Opening Ceremony 09:00 - 09:30

Keynote Forum

09:30-10.15	**Title: Natural silk a new biological wound dressing for the 2nd degree burns treatment: Randomized controlled trial versus Silver Sulfadiazine** **Eric DANTZER | Burns Center | France**
10:15-11:00	**Title: Should your wound center be working with a pedorthist?** **Robert Sobel | Sobel's Custom Orthotic Systems | LLC**
11:00-11:45	**Title: Obesity and Hospital-Acquired Pressure Injury Risk** **Kathy Kump | University of Kansas | USA**

Networking & Refreshment Break 11:45-12:00

Panel Discussion

Sessions on: Wound Care | Negative Wound Therapy | Plastic Surgery

Sessions Chair: Eric DANTZER | Burns Center | France

12:00-12:30	**Title: Negative pressure wound therapy** **Kathleen leak | Genadyne Biotechnologies | UK**
12:30-13.00	**Title: The challenges of the multidisciplinary team in preventing surgical wound complications** **Viviana Goncalves | Hospital Sao Joao | Portugal**
13.00-13:30	**Title: Improving timely referrals by implementing lower extremity amputation prevention tool in an suburban wound care clinic** **Azam Tayyebi | Frontier Nursing University | USA**
13:30-14:00	**Title: Reducing number of cast-related pressure injury cases for post-orthopedic surgical patients** **Leonard Brian dela Cruz Alfonso | Amana Healthcare | UAE**

Lunch Break 14:00-14:30

Panel Discussion

Sessions on: Regenerative Medicine | Dermatology | Oncology Wound Care

Sessions Chair: Robert Sobel | Sobel's Custom Orthotic Systems, LLC

15:00-15:30	**Title: Mangement of a difficult -to -treat diabetic foot wound complicatted by osteomyelitis: A case study** **Hatan Mortada | King Abdulaziz University| Saudi Arabia**
15:30-16:00	**Title: Evaluation of quality of life after temporary ileostomy for ileal perforation** **Ashesh Kumar Jha | All India Institute of Medical Sciences | India**
16:00-16:30	**Title: Effect of incentive spirometry on post-operative recovery** **Kusum K Rohilla | All India Institute of Medical Sciences | India**

Networking & Refreshment Break 16:30-17:00

Panel Discussion

Sessions on: Wound Dressing | Wound Management	
17:00-17:25	Title: Antimicrobial stewardship in wound care Dianne Rudolph | Isan Antonio Wound Care | USA
17:25-17:40	Title: Achieving closure of the high output enterocutaneous fistula with the use of an extracellular matrix in patients with multiple comorbidities Ann Marie Lanza-Bisciello | Frontier Nursing University | USA
Young Researcher Forum	
17:40 - 18:00	Title: Use of standardized treatment protocols in promoting timely management of pressure injuries Joshua Moralejo | University Health Network | Canada
ORAL PRESENTATION SLOTS AVAILABLE	
Poster Presentation Sessions (18:00 - 18:20)	
PP 01	Title: Perioperative nursing care of 259 patients with atrial fibrillation undergoing percutaneous left atrial appendage occlusion Lan Zhao | Southwest Hospital | China
PP 02	Title: Urinary bladder matrix powder to help achieve wound closure in tunneling wounds Michael N. Desvigne | Valley Wound Care Specialists | USA
Panel Discussion	
Video Presentation (18:20-18:30)	
VP 01	Title: Children and burn wounds: Practices of Pakistani mothers towards child's 1st aid Kinza Arif | The University of Faisalabad-Health Sciences Wing | Pakistan
VP 02	Title: Prevalence and determinants of lower extremity amputations among type I and type II diabetic patients: A multi center -based study Lawrence Sena Tuglo | University of Health and Allied Sciences | Ghana
Thanks Giving and Closing Cermony Day 01	

Friday, August 18, 2023 | Day 2	
Opening Ceremony 09:00 - 09:30	
Keynote Forum	
09:30-10:15	Title: Borrowing from nature: Placental therapy a significant tool for wound healing therapy Madhu Gupta | Delhi Pharmaceutical Sciences & Research University | India
10:30-11:15	Title: An integrative literature review to identify if the use of negative pressure wound therapy on closed/incision surgical wounds decreases the risk of surgical site infection in high-risk patients Zhavandre van der Merwe | Cardiff University | UK
11:15-11:45	**Slots Available
Networking & Refreshment Break 11:45-12:00	
Panel Discussion	
Sessions on: Podiatry wound care | Skin Care | Grafting	
Sessions Chair: Zhavandre van der Merwe | Cardiff University | UK	
12:00-12:30	Title: Agarose-based immunomodulatory and antibacterial nanofibrous mats for addressing chronic cutaneous wounds Sachin Latiyan | Indian Institute of Technology Madras | India

12:30-13:00	Title: Risk factors of hospital-acquired pressure ulcer among adult ICU patients in selected tertiary hospitals **Fatma Al-Mamari | Sultan Qaboos University | Oman**
13:00-13:30	Title: Trends in pressure injury development in patients with lower motor neuron and upper motor neuron lesions: A retrospective descriptive study **Quyen Nguyen Catania | Kennedy Krieger Institute | USA**
13:30-14:00	Title: Trends in pressure injury development in patients with lower motor neuron and upper motor neuron lesions: A retrospective descriptive study **Marjorie Morgan | Kennedy Krieger Institute | USA**
	Lunch Break 14:00:15:00
	Panel Discussion
	Sessions on: Wound Care Nursing | Wound Care & Nutrition | Bioengineered Skin
	Sessions Chair: David B Alper | American Diabetes Association | USA
15:00 - 15:30	Title: The use of Biomaterials in oral rehabilitation: New trends **Gustavo Vicentis de Oliveira Fernandes | Salgado de Oliveira University | Brazil**
15:30 - 16:00	Title: Operative versus non-operative treatment in diabetic dry toe gangrene **Abdullah AlWahbi | King Saud University for Health Sciences | Saudi Arabia**
16:00 - 16:30	Title: Therapeutic and nutraceutical potential of marine macroalgae: Benefits to human health **Ana Marta Gonçalves | University of Coimbra | Portugal**
	Networking & Refreshment Break 16:30-17:00
	Panel Discussion
	****SLOTS AVAILABLE****
17:00-17:30	Title: Advanced wound therapies: When and which patient? **Beji Saji | Sun West Mortgage Company | USA**
	Poster Sessions (18:00 - 18:20)
	**** POSTER PRESENTATION SLOTS AVAILABLE****
	Video Presentation (18:20-18:30)
VP	Title: Biomechanics of the diabetic foot amputation **James McGuire | Temple University School of Medicine | USA**
	Saturday, August 19, 2023 | Day 3
	Opening Ceremony 09:00 - 09:30
	Sessions on: Surgery | Nursing care | Wound Infections
09:30-10:00	Title: Pressure injury care program effects on nurses' performance and patients' pressure injury wound healing outcomes **Samia Gaballah | Suez Canal University | Egypt**
10:00-10:30	Title: Importance of wound care in nursing education **Samia Gaballah | Suez Canal University | Egypt**
10:30-11:00	Title: Addressing socioeconomic disparities in limb salvage **Christine Miller | University of Florida | USA**

11:00-11:30	**Title: Invitro study on acrylic resin composition and evaluation** **Yasser R Souror | Al-Azhar University | Egypt**

Networking & Refreshment Break 11:30-12:00

Panel Discussion

12:00-12:30	**Title: Complex Reconstruction of Fournier's Gangrene using a novel totally synthetic polyurethane bilayer dermal template - NovoSorb™ Biodegradable Temporising Matrix** **Alex Parker | University of Sussex | UK**
12:30-13:00	**Title: Interactive wound dressings in the treatment of venous ulcers** **S.M. Yumin | Russian National Research Medical University | Russia**
13:00-13:30	**Evaluation of applying negative pressure in two different methods on the retention in upper complete Dentures** **Nour Mayhoub | Syria**

DAY 03 SLOTS AVAILABLE**

*** The program schedule is subject to change**

WOUND CARE AND REGENERATIVE MEDICINE 2023

AUGUST 17-19, 2023

BANGKOK, THAILAND
