2nd lecture

Lip Rejuvenation- Techniques and avoiding complications

Techniques to improve the periocular area with hyaluronic acid will be discussed including choosing the right patient, injection technique, potential complications and how to prevent them.

Edwin Yuen attended Saint Louis University Medical School and then completed training in Internal Medicine and Dermatology at University of California San Francisco. He has been in private practice for 20 years in cosmetic dermatology with focus on botulinum toxin, fillers, (Juvederm, Radiesse and Restylane), mesotherapy and laser treatments. He has performed over 1000 injections to correct tear troughs and over 10,000 injections on lip enhancement/rejuvenation. Dr. Yuen has been treating lips for many of the models who work for Macys and Neiman Marcus department stores.
