Personal Research project,**Doctoral Dissertation in Physics**:

«Affect of Dark Matter in Solar System and Perihelion Precession of Planets and Evaluation the Bound on the maximal allowed Dark Matter density at earth' s location».

1- Master' s Thesis in physics :

« A.Methodology for investingation of the Collapsing Universe byMeasuring Mass-to-light Ratio ofGalaxies and Calculation of Missing Mass and Dark Matter' s temperatures » .

The **author** has about **70 articles** published in Iranian newspapers and international journals, the list of which is as follow:

3- Hassan Saadat, 2009**. "Solar System and Dark Matter".** Chaos,Solitons and Fractals, **Elsevier. J.** 42: 2236-2238. DOI:10.1016/j.chaos.2009.03.117

4-Sadeghi, J., H. Saadat and B. Pourhassan, 2009**. " Relation between dark matter density and temperature with power law".** Chaos,Solitons and Fractals, **Elsevier. J.** 42:1080-1083. DOI :10.1016/j.chaos.2009.03.001

5- Saadat, H., B.P. Tanabchi and A.M. Saadat, 2010. **"String-loop effect in low-energy effective theory".** international journal of Theoretical Physics(ijtp), **Springer J.** 49:1018-1022. DOI 10.1007/s10773-010-0280-y

6- Saadat, H., S.N. Mousavi., M. Saadat., N. Saadat and A.M. Saadat, 2010. **"The Effect of Dark Matter on Solar System and Perihelion Precession of Earth Planet ".** international journal of Theoretical Physics(ijtp), **Springer J.** 49:2506-2511. DOI 10.1007/s10773-010-0436-9

7- Saadat, H., 2011 **."Relation between the dark energy density and temperature".** international journal of Theoretical Physics(ijtp), **Springer J.** 50: 140-147. DOI 10.1007/s10773-010-0502-3

8- Saadat, H. , **A.M. Saadat, 2011. "Time - dependent dark energy density and holographic DE model with interaction".** international journal of Theoretical Physics(ijtp), **Springer J.** 50: 1358-1366. DOI 10.1007/s10773-010-0644-3

9- Hassan Saadat, 2011**. "Holographic Dark Energy Density".** international journal of Theoretical Physics(ijtp), **Springer J.** 50: 1769-1775. DOI 10.1007/s10773-011-0685-2

10- Saadat, H., S.N. Mousavi., A.M. Saadat, 2011. **"Holographic Dark Energy Density and JBP Parametrization".** international journal of Theoretical Physics(ijtp), **Springer J.** 50: 2878-2883. DOI :10.1007/s10773-011-0787-x

11- Hassan Saadat, ٢٠١١. **" Hubble expansion parameter in a new model of dark energy".** international journal of Theoretical Physics(ijtp) (2012) 51:78–82, **Springer J.** 50, DOI 10.1007/s10773-011-0879-7

12- Hassan Saadat, ٢٠١١. **"Thermodynamics and stability of five dimensional AdS Reissner-Nordstrom black hole".**

international journal of Theoretical Physics(ijtp), (2012) 51:316–321 **Springer J.** 50, DOI 10.1007/s10773-011-0910-z
